NEWS-SENTINEL

CALIFORNIA'S INFORMED CENTER CITY NEWSPAPER

Vol. 24 Number 46, Thursday, November 19, 1970

510 Broadway Seaside, Calif. 93955 Area Code 408-394-6632

10 cents per copy: \$5.00 per year by mail

Donations Are Needed

Aware of the need for food toys and children's clothing by many families, the staff of the Monterey Peninsula Unified School District community counseling office is coordinating receipt and distribution of contributions for the Thanksgiving season. They will be assisted by civic and social organizations who wish to participate in the project.

Donations of any quantity will be received at the Manzanita School, 1720 Yosemite Street, Seaside, from now until noon November 25. The school is open Monday through Friday and hours for delivery are from 9 a.m. to 4 p.m.

Anyone who has items to give but who cannot deliver them to Manzanita School may telephone 649-7232 or

394-2719 and arrangements will be made to pick up the donations. Perishable foods should be contributed not sooner than the 24th.

Baskets are to be distributed at King Junior High School, 1713 Broadway, Seaside, Wednesday, November 25, 7:30 p.m.

Checks to purchase additional supplies to round out the baskets may be made out to Marion C. Woodie, Community Counselor, should be marked "Thanksgiving Project," and sent to Monterey Peninsula Unified School District Community Counseling Office, P.O. Box 1031, Monterey, 93940. Check also may be dropped off at the counseling office, Highland School, Sonoma at Yosemite Street, Seaside.

Survey Conducted Here

The Bureau of the Census is conducting a survey of employment and unemployment in the Monterey area this week, according to Leonard C. Isley, Director of the Bureau's regional office in Los Angeles.

In addition to the regular questions on employment asked each month, the survey is again collecting information about supplemental or part-time jobs and the number of hours devoted to them.

The Bureau is asking whether each person included in the sample voted in the November election or had been registered to vote. Similar questions were asked in November 1968, 1966 and 1964.

The households being interviewed here are part of a scientifically designed sample that is representative of the entire U.S. population. The employment and unemployment statistics are collected monthly by the Bureau for the U.S. Department of Labor to provide a continuing measure of the economic health of the Nation as a whole and of its major regions.

Facts supplied by individuals participating in the survey are kept confidential and are used only to compile statistical results. The law safeguarding the privacy of the individual applies to all information collected by the Census Bureau.

Monterey AARP To Be Honored

A national Charter for the Monterey Peninsula Chapter #97 of the American Association of Retired Persons will be presented on Nov. 24, 1970 in ceremonies at Neptune's Table Restaurant, Fisherman's Wharf, Monterey.

The Charter presentation will be made by Foster J. Pratt, Area IX Vice President and Mrs. Vera Soderstrom, AARP State Director for Northern California. Mr. Pratt stated that national charters are awarded after local chapters adopt the standard AARP by-laws, become incorporated as non-profit organizations under state laws and have operated successfully for at least one year.

Victor Velissaratos of Box 387, Monterey, California is president of the local chapter. Local AARP chapters sponsor community public service projects, work to influence local state and national legislation of benefit to older Americans and acquaint members with programs and services of the national organization.

With more than two million members, AARP is the nation's largest organization committed to helping older Americans achieve retirement lives of independence, dignity and purpose.

Founded in 1958, AARP-encont. on page 3

MOVED - Knight's TV and Appliance is opening their new location this week at 1314 Fremont Boulevard in Seaside. Knight's has been in the television and appliance business in Seaside for over 16 years at several locations. Floyd Whipple purchased the business from Ardel Knight five years ago. The new spacious store will feature radios, TVs, electronic appliances, washers and dryers, as well as TV and appliance repairs. The new Knight's location is the former Hilton Auto Supply.

Children Have Own Bicentennial

Some 58 pre-school children enrolled in the Seaside Children's Center have experienced their own bicentennial cultural weeks this fall, beginning in late August and concluding recently with their own Brotherhood Week, usually celebrated nationally in February. Weeks observed were Mexican-American, Afro-American, American-Indian, Japanese-American and Filipino Week.

Study of the particular culture was made during each special week, by showing of films and slides, by displays of artifacts and clothing, by fashion shows of native costumes in which the children participated, with speakers about different countries or races, with songs, dances, stories, learning about differences in languages and customs.

Climax of each week was Friday, usually with a special program using community resources and everyone dressed up in costumes for the occasion. Often food of the different countries were served.

One teacher was chairman each week but all staff members contributed during the series.

The Seaside Children's Center is housed in several converted classrooms at the Noche Buena School, 1450 Elm Street, Seaside. It provides year-round all-day care of pre-school children of working parents, with priority for one-parent families.

The program is supported by the state and by parent fees. Food is served from the Noche Buena School cafeteria.

Children are ages 2 to 5. Joseph Cardinale is principal of Noche Buena School, but the Children's Center program is under interim supervision of Mrs. Charlie Knight, coordinator of compensatory education for the Monterey Peninsula Unified School District, who is directly responsible to Dr. Henry T. Hutchins, assistant superintendent for elementary education. The head teacher is Mrs. Wilhelmina Vaughn, assisted by three teachers, Mrs. Marilyn Bischoff, Mrs. Carrie Ganaden and Robert Downey, by three aides, Mrs. Vivian Holly, Mrs. Dimple Smith and Stewart Simmons, by part-time student aide (Miss) Sayuri Thompson. The secretary is Mrs. Nena Mateau. Custodian is Paul Mills.

Mexican-American Week was first. The music room was decorated with Mexican artifacts, pottery and costumes. Children were read Mexican stories, such as Rosa and Three Pesos for Catalina and were taught some Spanish words. They worked with clay to form bowls with traditional Mexican shapes and designs. They made necklaces of macaroni painted in bright colors and strung together.

Mrs. Vaughn was chairman for Mexican-American Week. Afro-American Week was next. Among films shown, cont. on page 9

Students to Receive Applications

About 284 local students living in the Seaside, Fort Ord and Marina area, currently registered for after school and/or week end employment with the Student Employment Service, will receive a federal agency announcement and application form for summer jobs in federal agencies for 1971.

There will be a limited number of job openings on the Monterey Peninsula under this program. Nationally about 19,000 summer jobs in the federal government will be available to young people next year.

Phyllis Howard, chairman of the student employment committee announced that students already registered will automatically receive the announcement by mail. Students who are interested in this program who have not received the announcement should report in person to the Student Employment Service, 480 Webster Street, Monterey, Monday thru Friday, 3-4:30 p.m.

YAFA Cleans Laguna Seca

YOUNG ADULTS FOR ACTION was awarded the contract to clean up Laguna Seca Raceway following the races October 16, 17 and 18. In accord with their tradition to provide the youth of the community with constructive activity, YAFA hired 71 youngsters to do the job along with 7 adults to supervise.

The task of cleaning the huge area was completed October 30.

The youngsters were paid \$1.65 per hour for their labor. Many of the youngsters were asked what they were going to do with their wages and some of the more typical replies were: "buy shoes and/or other types of clothing; buy food for their families; give the money to their mother to help with the bills."

The kids ranged in ages from 8 years to 17 years. The YAFA Staff was extremely proud to have been able to provide these jobs for the youth and look forward to having other contracts awarded by big events such as this.

Lee Toler, the Director of YAFA, expressed the feelings of his organization staff by saying: "It is gratifying to know that YAFA was considered for this assignment because it not only meant financial assistance to the families, but it brought much enthusiasm to the kids and instills within them at an early age the desire to work for a living rather than to steal. It was a thrill to all of the Staff to watch the competitiveness

displayed by the youngsters to see who could do the best job in their assigned areas.

"Even though we hired seven adults to supervise the kids and to handle the heavy cans, we assigned different kids as crew leaders on a rotating basis to give them leadership training and a sense of responsibility.

"We hope this will be the beginning of such contracts. We would like to have more such as the Fair Grounds following their big events."

MPC Holding Rededication Ceremonies

To mark the end of its five-year building program and show the public "The College You Helped Build," Monterey Peninsula College is planning a "rededication" week for November 30 through December 6.

The week will include tours of the campus conducted by trained student guides, a convocation, special performances of such student events as a drama department production of "A Midsummer Night's Dream," a periodic presentation of a "visual history" of the college since its founding in 1947 and a Pacific Ballet performance of "The Nutcracker Suite" in the Naval Postgraduate School's King Hall on the final evening.

In planning the event, Dr. Keith Merrill, MPC dean of community education, has issued a call for "old color slides of the college."

"There are hundreds of MPC graduates, ex-students and even ex-teachers on the Peninsula some of whom must have taken pictures of activities on campus and of the old buildings, most of which were demolished to make space for our new buildings," Merrill said.

"We would like to borrow slides-35mm and 2-1/4 x 2-1/4"-to enrich the visual history which will be one of the events of the rededication.

Leon Fletcher, who is compiling the history, promises that he will not use or "wear out" the slides themselves but will make copies of them and return the originals to their owners.

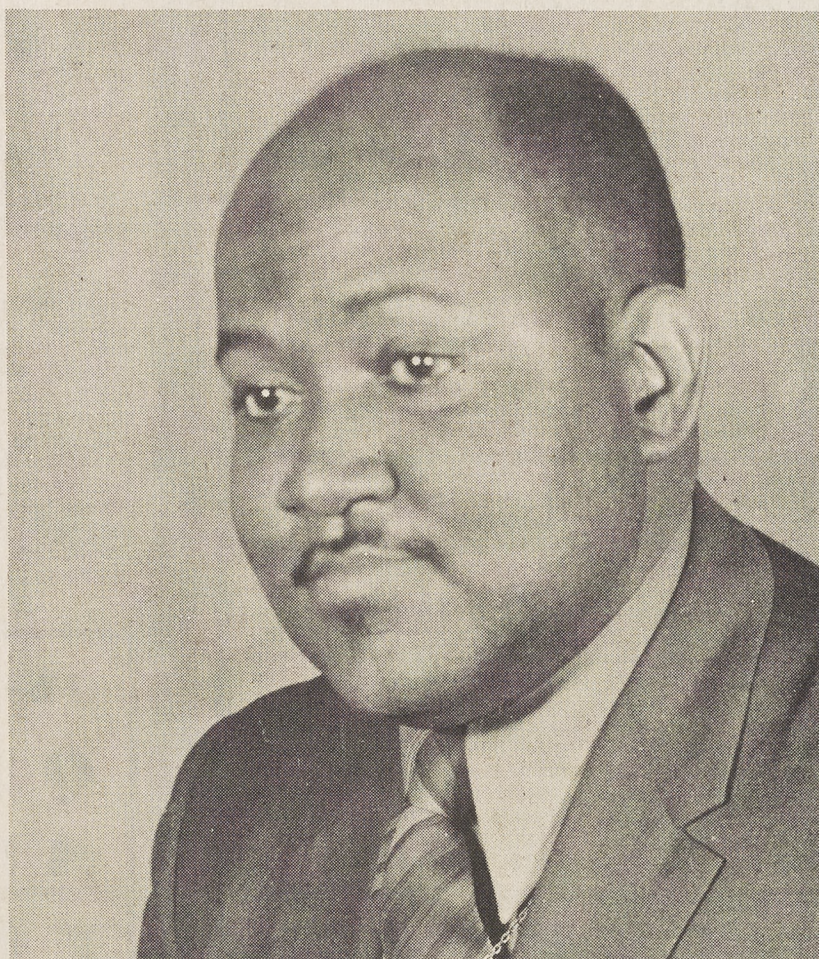

The slides may be mailed or brought to MPC's public information office in the library building.

Heads Heart Fund Campaign

A Carmel housewife whose most recent community activity was the chairmanship of the Beethoven Festival will be the leader for the 1971 Heart Fund campaign in the three counties of Monterey, Santa Cruz and San Benito. The selection of Mrs. Joseph Reeves for the important volunteer job was announced locally by William R. Curtis of Monterey, chairman of the board of the multi-county agency.

Commenting on Mrs. Reeves qualifications for the

The forces of human and spiritual values are going to win over the forces of material and property values. This may seem like a very Pollyannaish prediction in these times when exploitation of man by man for the purpose of money and property is at its zenith; when we are spending billions of dollars in Vietnam and using the lives of our young men to make new millionaires of a few more East Asian Generals and other sundry leaders; when the oil companies are able, through political contributions and outright bribes, to exploit our shorelines with their oil wells and continue to pollute our oceans and shores, just to make more money; when these very same oil companies together with their friends in the rubber and cement industry are able to fool the people into voting against using gas tax money to help our fight against pollution; when they are able to lie to the people that their taxes will go up if they vote for Proposition 18--you all saw the billboards NO ON 18, who do you think paid for them; when the bankers through their manipulation of our national money system can get away with an all-time high rate of interest which has slowed the economy to a point that there are 7.5 percent of our workers unemployed in the state of California officially and over 25 percent unemployed in our minority and youth worker group; when our Mayor Haddad, as he was presented with a recall petition states in answer, "The question now before us is, shall

Research Newsletter Is Available

A Heart Association publication designed for non-physicians with an interest in biological science or heart research is available by writing to the Central Mission Trails Heart Association, 541-A South Main Street, Salinas, Ca 93901.

Ask to be placed on the mailing list for "Heart Research Newsletter."

The first edition will include items about two projects in northern California.

From NASA'S Ames Research Center, a project is reported using ultrasonics to study the heart beat and blood circulation.

Also included is information from the Cardiovascular Research Institute, University of California, San Francisco, about why fast breathing is known to increase heart rate.

HELPING HAND — Members of Milestone Foundation, Inc. are shown at opening of new headquarters at Ramona Motel, 302 Ramona Avenue. From left, pictured are: Joe Askey, founder and executive secretary of Milestone; Eddie Hill, Harry L. Borden, proprietor and board member; Mary Black and Mary Murphy. Seated is Dr. C. Winter van Horn. (See story).

Milestone Opens Drug Info Center

The Milestone Foundation, Inc., a California non-profit, non-sectarian corporation, whose aims and purposes are the care, treatment, rehabilitation, redirection, programming and then returning to society the person or persons with a physical and/or psychological dependence on drugs, has opened a 24 hour-a-day drug information and reception center at the Ramona Motel, suite 10A and 10B.

Presently the organization is functioning as a drug information center with the hopes of creating a better understanding of the drug problem in Monterey County.

The Milestone Foundation, whose primary function is a live-in facility (half-way house) is negotiating for a location in Carmel Valley which will include a built-in program of the best minds in psychiatry, psychology, sociology, medicine, plus members of the clergy and other men and women of compassion in Monterey County.

Joe Askey, an ex-con, ex-alcoholic, ex-drug addict, is the founder of the foundation, which has operated successfully for the past four years in the state of Maine, rendering services to over 2000 addicted persons, plus the families of many of them.

Askey spends much of his busy schedule lecturing at high schools, colleges, making TV and radio appearances all over the country.

Joe came to the Monterey area in July to meet with Dr. C. Winter Van Horn, who had been

working with young people with drug problems for the past 3 years in Carmel Valley.

When interviewed, Askey emphasized that respect, combat drugs-respect for self, parents, and police and is essential in eliminating crime and drug abuse among our teenagers. Askey spoke from experience gained in a life that saw "not one day go by when I didn't break a law".

Joe advocates the personal rights of children so they won't be made monsters in the home. Respect for law enforcement must be restored as a part of the regrowth of a moral climate in our land, he said.

Askey estimated that 75 to 80 percent of the huge increase in breaking and entering is due to the need for money for drugs.

Askey said that Milestone Centers do not hear from parents until their kids are in trouble. He said that calls from parents with offers to help the program are almost non-existent. The responsibility comes back to the parents, who Askey said, must be responsible and loving, but not too loving. Parents who never let their children face life or know pain are not to be lauded, he said. He said that community interest must be stimulated to community action. According to Askey, people can not be changed, but their attitudes can, regarding the misuse and abuse of drugs. It takes new ideas to solve

Colton Offers Drug Program

Each of the 950 students enrolled at Walter Colton Junior High School in Monterey is given a 10-day course in use and misuse of drugs as part of the quarter course in guidance and health for all students in grades 7-8-9.

The goal is to give students facts about drugs so they may make objective decisions about role of drugs in their own lives, have opportunity to share with each other their feelings about the drug problem as it affects them personally, as it affects other youth and society in general.

This is the second year of this particular course at the school. Student answers on pre-course and post-course tests and student comments helped teachers evaluate what is presented and make some significant changes in content this year.

Information is provided by use of films, filmstrips, guest speakers, magazine and news articles, pamphlets and free discussion guided by teachers and the school nurse.

Other junior high schools in the Monterey Peninsula Unified School District have been encouraged to have similar offerings, although no others have the quarter system for certain courses.

MPUSD also has a sixth-grade course in drug prevention, the DART (Drug Abuse Resistance Team) which will be extended to all sixth grades as teachers are trained and can be given this additional assignment. Both senior high schools, Monterey and Seaside, have courses in drug prevention.

Staff involved in the course at Colton are Mrs. Patricia Majors, Carol Dightman, Neva Gribble, Paul McCollum, Richard Shuey, Nick Strom and Harry Coss. The principal is Robert Henning.

admission and 50 cents for students, are on sale at the college's community services office and will be available at the door on the evening of the lecture.

The November 22 concert is scheduled for 8 p.m. in the college gymnasium.

Minority Jobs CARE Support Sets Record Increased

Pacific Gas and Electric Company has revealed that 79 percent of its total increase in employment since January, 1966 to meet increased customer demand has consisted of minority communities.

In the past five years, according to Thomas V. Adams, personnel manager, 2,478 jobs have been added to the company's personnel list, bringing to 24,150 PG&E's total employment in Northern and Central California.

Adams said that as of September 30, members of the Black, Oriental, American Indian, or Latin American communities held 12.9 percent, or 3,122 of all jobs at PG&E. The company reported today that 1,420 members of minority communities are working for the company in managerial, professional, technical, sales or clerical positions. The remaining 1,702 are employed as craftsmen, operators, service workers or laborers.

Through active support in more than 100 programs to recruit, hire and train minorities, PG&E is working to fulfill a commitment made by the company's executive vice president, John F. Bonner, who stated: "While the most recent employment figures representing PG&E's hiring and training of minorities show a very significant increase, our company is not content just to avoid discrimination. We affirmatively reach out to provide opportunities for citizens from all minority groups, and we will continue to do so in the future."

ANAHEIM

Anaheim, located in Orange County, is reported to have been founded by German settlers in 1857.

claim to be "the answer," or the only answer, no more in effect, than any other of the many organizations or single person can lay claim to being. But the Milestone does go further than a lot of the other agencies.

The Milestone also has speakers available for any occasion.

CARE Support Sets Record

The concern of the American and Canadian people for those less fortunate was demonstrated again in the fiscal year that ended last June 30 as public support of CARE programs overseas reached a 20-year high, with contributions totaling \$15,591,470, according to the agency's 24th annual report.

Contributions topped the previous year's total by more than \$3 million, enabling CARE "to achieve steady expansion and accomplishment and to demonstrate again its capacity and flexibility in meeting the test of sudden emergency," said Molly Farmin, Regional Director.

The total value of goods and services provided by CARE in 36 countries amounted to \$89,927,967, indicating that for every dollar donated, CARE delivered \$5.77 worth of aid.

One of the year's emergencies was the earthquake that struck Peru on May 31. In 42 seconds, the quake leveled scores of towns and villages, killing 70,000 men, women and children and leaving 600,000 homeless.

CARE was on the scene quickly and began immediate distribution of \$700,000 worth of aid to survivors. An extensive program providing new homes is under way.

When the Nigerian civil war ended last winter, CARE initiated two massive Self-Help programs to help rehabilitate the West African country.

Regular programs continued throughout the emergencies. More than 35 million people were fed in Asia, Africa and Latin America, including 26 million children.

Work was completed or under way on the construction of 167 nutrition centers for 62,900 children; 248 schools for 32,500 students and 928 potable water systems for

close to 400,000 townspeople.

Various tools, seeds, fertilizers, livestock and other food production aid brought training and assistance to 1.4 million farmers, agricultural students and farm family members.

MEDICO, a service of CARE sent 55 doctors, nurses and technicians for long-term assignments with its seven overseas medical teams during the year. These teams were augmented by the services of 94 American and Canadian specialists who paid their own way to do one-month tours, treating patients and teaching their specialties to local medical personnel. In all, more than 600,000 persons were treated by MEDICO last year.

CARE is assisting 10 countries with family planning programs. Aid is given in the form of mobile units and demonstration and educational materials. These programs are initiated only at the re-

quest of host governments. During fiscal 1970, CARE missions were opened in Peru and Uganda. Missions were closed in Poland and Iran. At present, programs operate in 35 countries.

The Regional CARE Office is located at 444 Market Street

Instant Cash helps put an end to the bouncing check!

You don't write a bouncing check on purpose. But sometimes it happens. (Maybe you didn't put in a deposit when you thought you did. Or, maybe you slipped up on addition in your check register.) And there you are, faced with a statement that says you've made an overdraft. It can be irritating. And, sometimes, even embarrassing.

This is why Bank of America put together some overdraft insurance called Instant Cash Checking Account Service. Once you've applied and your credit's been approved, you have an automatic guarantee against overdrafts up to the amount authorized under the terms of the agreement. Your checks won't bounce and you'll save yourself a lot of irritation and frustration.

Sound good? It is. Drop by your nearest Bank of America branch for more information about a Personal Choice Checking Account combined with Instant Cash. It's just one of the many ways we can help you with the *business of living*.

Your Social Security

By: Raymond MacDonald

Q. I have read much about the cost of Medicare throughout the country and I am curious as to where the money comes from.

A. The Social Security Act provides for a special trust fund for hospital insurance. Presently .6 of 1 percent of your contribution is put into this fund and this money is used to pay hospital expenses for Medicare patients. Medical insurance to help pay doctor bills - is financed by \$5.30 monthly premiums paid by each person who signs up for the insurance. The Federal Government matches this amount from general revenues. The funds for hospital and medical insurance can be used for no other purpose.

Q. I will be 62 in April 1970 and I've been working at the same place for almost 24 years. I'd like to retire if my Social Security checks weren't too small. I'd like information on how much I could get. How do I go about learning how much I've made?

A. Contact your nearest Social Security office to discuss your situation. A record of your earnings may be obtained by requesting Form OAR-7004 "Request For Statement of Earnings". This form is pre-addressed to the Social Security Administration at Baltimore, Maryland. You can also get a copy of Leaflet SSI-47 from the same office. This leaflet gives a step-by-step instruction on how to estimate the amount of your Social Security benefit you will receive on retirement.

(Mail your questions to Social Security, c/o The Post-News Sentinel, or phone Social Security office 373-3351)

Conductor To Lecture

As a "preview" of the November 22 Monterey County Symphony concert at Monterey Peninsula College, conductor Haymo Taeuber will lecture on composers Mozart, Strauss, Bach and Rimski-Korsakov Friday, November 20, at 8 p.m. in MPC's Lecture Forum 103. Tickets, at \$1 for general

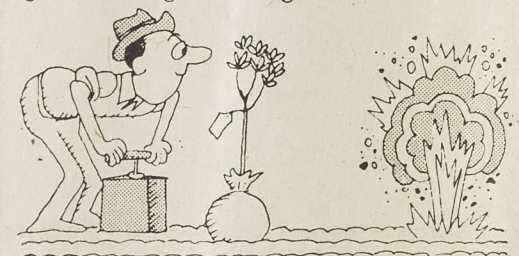

admission and 50 cents for students, are on sale at the college's community services office and will be available at the door on the evening of the lecture.

The November 22 concert is scheduled for 8 p.m. in the college gymnasium.

THE PHONE BOOTH

A certain lady couldn't understand why she wasn't getting any telephone calls. And her callers thought she was on the phone all the time. Trouble was, her phone was off the hook. She'd replaced the receiver, but a book on the desk accidentally kept it from "hanging up." It might also happen that the phone is left off the hook if you answer a call on one phone and leave it to pick up an extension. Or small children might accidentally knock the receiver off while playing. It's a good idea to check your phone now and then to make sure it's hung up properly. It's good insurance against losing incoming calls.

Excavating? Drilling? Blasting? Grading? Setting fence posts? Planting shrubbery? Driving pipes? These are seven ways of accidentally damaging buried telephone wire or cable, which could cut into the telephone service of a community.

If you're planning to do any heavy digging, please call our Repair Service first. (The number for the Monterey Peninsula area is 611.) We can tell you the location of any cable buried near where you're planning to dig. That way you can be sure you won't deprive yourself or your neighbors of telephone service.

The Question Box

Q Can I adjust the sound of my telephone bell?

A Yes, on most phones. Just look on the bottom of a desk-type set or at the side of a wall phone. You'll see a wheel or lever for softening. If you have any questions just call Repair Service.

Seaside Ripples

continued from p. 1

we resume this progress or continue to slide backwards"--by "progress" he means "projects." He doesn't mean progress in the sense of alleviating the sufferings of the people who are unemployed, by helping to bring in some industry which would provide permanent jobs.

I am not trying to say that the many projects that the mayor claims he brought to the city of Seaside are bad. I am only trying to point out the differences of philosophy between the mayor, who is a great believer in property rights as against some of his opposition on the council, who might favor human rights.

Let's examine the examples that the mayor refers to as "progress." 1. The Fort Ord annexation. That was great and I am all for it. This brought thousands of new tax dollars, which were sorely needed, to the city of Seaside. But what did it do for the human rights of the people that were annexed--nothing.

2. The Gateway Project. Again, great; it created a means by which we could get more tax dollars through the sales tax by sale of automobiles. However, it is three years behind schedule and the burden of carrying that property now is falling on the rest of the citizens of Seaside. And what did it do for human values? Is displaced over 200 families who had to move from their low-rent homes to higher rental areas and in some cases had to leave the city of Seaside altogether after living here most of their lives.

3. Plans for a new Post Office. Sure we'll get a new Post Office, if they will put it where some particular set of real estate operators want it. And with either location the question is still not where it will serve the public best, but where will it serve the property owners and other interested parties best.

4. Curbs, gutters and sidewalks, undergrounding of overhead wires. Again, great. This is something that should have been done years ago by the utility companies and not with any help from tax money or the taxpayers. There are underground wires in front of empty lots that are priced too high for anyone to build on unless he is a land speculator who can build many houses at one time. The government should subsidize the buying of some of those lots, so that an ordinary citizen with a low income could build his house here in Seaside.

5. A new City Hall, Senior citizens' housing and low-income apartments are also great. But by now you begin to see my point: every one of the accomplishments, with the exception of the Fort Ord annexation, are in the category of "Projects." Somebody has to make money on "Projects." Instead of projects, why didn't Haddad talk of bringing in new industry to help the unemployed to help themselves. Why doesn't he talk about putting a library where the citizens of Seaside can use it. Why doesn't he talk of the many other solutions that could be found to better human values in Seaside. He doesn't talk about those things because his mind is tuned to property and material values, not to human values.

There are too many of us in this nation who have been brainwashed that making money in our lifetime is the acme of success, even if it means stepping on our brother to do it. There is nothing wrong with making money either, except that we have reached the point where exploitation of human and natural resources has reached its limit. The young people of today are no longer accepting the philosophy of property and material values above spiritual and human value. They are rebelling against this and the results of the last election shows that many of the grown-ups are beginning to agree with them.

I think that the voters of Seaside are going to put human values above property values when they refuse to sign petitions to institute a recall against those councilmen who are trying to bring some humanity to our City Hall and thwart those who want to continue the exploitation of our citizens with further "Projects." Read the alleged charges in this issue of the Post brought by the so-called "Citizens for Good Government" and read the answers and you will agree that there is absolutely no reasonable basis for a recall at this time, other than the caprice of those who would like to continue one-man rule in Seaside.

Speakers Are Available

Monterey Peninsula College's 1970-71 Faculty Speakers Bureau Directory listing 34 instructors available as speakers during off-class hours, has been published and mailed to over 200 presidents of local organizations.

Organizations desiring speakers for meetings may contact Shirlee Stoddard, MPC Public Information Officer, at 375-9821, Ext. 259, giving at least two weeks' notice whenever possible. Copies of the

speakers directory may also be obtained through Miss Stoddard.

Organizations desiring student speakers should call Ed Norris, student activities advisor, at Ext. 333 or 326.

Covering a wide range of subjects from "Aesthetics" to "Writing," the speakers are Bela Banathy, Dr. Jack Bessire, Dr. John R. Blake, more, Ellen M. Bowers, James Cardwell, Grace Donlin, Leonard Epstein, Pres.

Letter to Editor

Editor:

I am coming to you again, Citizens of Seaside, not with a hair problem as always, but with a Care problem.

I want to make an appeal to the Citizens of Seaside to take a check point in your own lives and see how many crutches you have to spare. We would like to see every helping citizen of Seaside reach out the rest of this year and help fight the cause of birth defects, which because of disease and drug-abuse will be greater in the future than any time in the history of mankind.

To see and hear experts in the field of re-

"Mother Jennie" as she is affectionally known to all of her friends and congregation wrote the following poem in 1922. She says that it was given to her by the spirits and all that she did was write it as it was given. Reverend Jennie H. Maiereder is a Spiritualist Minister and has practiced her ministering for over 50 years. She is now 92 years old and still carrying the message daily to the many who seek her ministering in Santa Cruz. I felt that the Poem fit quite naturally with the editorial in this issue.

Editor

PEACE

Stay! Stay! thou maddened empires, stay!

Stay thy hands,

Which doth relentlessly cast away

Earth's glories grand

In these and other lands,

What wouldst thou have in this benighted day

Earth's glories fade

Its beauties soon will pass away.

Anger and fight -

Doth but pass on to night;

Each day-bringing a new way

To teach us RIGHT

And so to lead our foes

From hate and darkness

Into that most glorious LIGHT

Of LOVE DIVINE and PERFECT UNDERSTANDING

Which doth give us Sight

To see the folly of our puerile struggle

To overcome and sway the wills of others

Who from that soul within

Must cast out all of sin -

And stand alone for the fiercest of all fights

Self to conquer - and to see

That man's first duty is to that soul within:

And there to kindle in a flame so bright

The TRUTH that shall make him live aright,

And shall bring PEACE - where even all was strife!

And LOVE - shall still those ravening hordes

Who late were thirsting for their fellows' blood.

search and prevention of birth defects talk and show slides, I feel that it would be selfish to withhold the truth, that I have learned.

There are many persons born with a birth defect. Some noticeable, some unnoticeable, some painful, some painless, some correctable, some uncorrectable.

Some of these birth defects are so noticeable that the person will wait to see if you are going to smile at him or her before he or she will smile. That is a crutch. Lend it and you can keep walking, for you have given someone else a lift with a smile.

This Christmas, start your giving with a person who no one seems to think of and let them lift their heads and smile, and say "I didn't think anyone was thinking of me." That is a crutch and you can still walk. I sat in the meeting and listened to the experts in the field of research talk and show films and slides and formed in my own mind that a lot of our massacre killings are caused by birth defected persons. The reason I came to that decision was proper care has not been given to a child the first 9 months of its life, which is before birth and the first 2 years after it is born; extreme damage can be caused to the cells and it can be brain cells. Then the thinking of that person does not follow the trend of proper thinking and sometime all through life, he or she has gone unnoticed.

Then in their adult life, they decide to have

Tax Reforms Proposed

In one of its first actions following the election, the State Board of Equalization has adopted its 1971 legislative proposals for tax reform. They call for positive action toward property tax relief and business tax law improvements.

The three re-elected Board members—Chairman George R. Reilly of San Francisco, John W. Lynch of Fresno and Richard Nevins of Pasadena—joined retiring member Paul R. Leake of Woodland in urging more tax relief for homeowners, renters and senior citizens, a statewide property tax for schools and reform of the welfare exemption.

These and eight other recommendations were described by Board Chairman Reilly as "elements essential to any comprehensive tax reform legislation."

The 11 elements of tax reform urged by the Board and its comments are:

*Enlarge the homeowner's property tax exemption to at least \$1,500; extend the exemption to cooperative and owner-occupied multiple-family housing units; extend the exemption to persons on public assistance and give renters a comparable income tax exemption.

*Augment the senior citizens property taxes in four or more installments. Los Angeles is the only county now authorized by statute to have an installment property program for more than two installments. All counties should be authorized, but not required, to enter into multiple-installment arrangements as they are able to accommodate their record-keeping systems.

*Reform the welfare exemption to restate its original charitable purposes.

*Enact a statewide property tax for school support. This would be a substitute for part of the county property tax support for public schools and not in addition thereto. This would include adequate safeguards against competitive underassessment by counties.

*Adequately tax the right to possess public property. A constitutional amendment would be required so that a possessory interest could be taxed as if the fee property were privately owned.

*Withhold personal income taxes. Apparently there is now little opposition to the concept that California should have income tax withholding.

*Improve local sales and

use taxes. This envisions eventual repeal of the Bradley-Burns system and apportionment back to local government on formula basis of state-collected revenues. As an alternative the suggestion is that the local tax base be conformed completely with the state base, resulting in \$7 million of additional revenue for local government.

*Repeal the transportation

tax. An alternative contained in the suggestion is that if the tax is to be retained, the major exemptions and exclusions should be removed.

*Equalize highway fuel tax burdens. Under this proposal the diesel fuel tax would be increased relative to the gasoline tax to reflect the higher efficiency of diesel fuel.

*Revise insurance company taxes. Under this proposal the insurance tax law would be subject to legislative control. The principal office deduction would be eliminated.

Ord Terrace School Sets Priorities

Academic priorities for kindergarten and primary grade pupils enrolled at the Ord Terrace School, Seaside, have been set by James Manning, principal, with Eugene Tolhurst, vice-principal and the teaching staff.

Reading and writing are listed as the first two priorities, followed in order by computation (arithmetic), muscular coordination, thinking and socializing.

The order of priority varies by grade. For instance, the

kindergarten program begins with emphasis on socialization children learning to get along with each other. Muscular learning to play outdoor games and indoor games and learning to hold pencils and crayons and to paint. Reading is top priority for all primary grades 1-2-3.

Manning said that the 90 children in kindergarten classes are taught by three teachers who work together, assisted by a few paid aides

and about 15 volunteer aides who also work with intermediate grades 4-5-6 children. Teachers believe the most effective tool in the teaching-learning process of kindergarten is the cooperation and understanding of parents with teachers and their willingness to help. Some pupils come back to school certain days of the week in small groups or as individuals and this extra experience has proved successful.

The primary program has

Discussion To Be Aired

"The Essential Concerns of Monterey Peninsula College Students - As Seen by the Faculty" will be the topic of a panel discussion to be tele-

vised Sunday, November 22, from 1 to 2 p.m. on KMST-TV Channel 46. The panel will include MPC President George J. Paul, Special Services Director John Rivers and faculty members William Lindsay and Leonard Epstein. Moderator will be Doug Moore of the Channel 46 staff.

The discussion is the second of a series of four dialogues on student attitudes.

The first, on October 31, featured MPC students Kit Show, Granville Andrews, Dana Moises and Steve Cronin.

Talcott Announces Examination

Congressman Burt L. Talcott has counseled high school and college students to start planning now for next summer's jobs.

Mr. Talcott said, "each year there are a limited number of opportunities for interesting summer jobs with agencies of the Federal Government. Since these jobs are filled on a merit basis, it is important for interested applicants to apply early."

"Some jobs require eligibility through the Summer Employment Examination. These include seasonal assistants with the Post Office Department, and jobs common to most Federal Agencies such as typists, stenographers, clerks and engineering or science aides."

"The examination will be given in Hanford, Monterey, Salinas, San Luis Obispo and Santa Cruz, on three dates: Applications received by December 4 will be scheduled for the test on January 9; ones received by January 8 will be scheduled on February 13 and those received by February 3 will be scheduled for the test on March 13, 1971."

Applications postmarked after February 3, 1971, will not be accepted.

"Federal Agencies will begin making selections after the results of the second test have been processed. Interested applicants can write to me for a copy of 'Summer Jobs in Federal Agencies' or any additional information you may require."

"Jobs for which the Summer Employment Examination is not required, include those for which a college degree or equivalent experience is needed, so-called blue collar jobs and certain jobs in the Departments of Agriculture and Interior, such as park ranger and forest technician."

Predict Recovery Of Economy

Dean Witter & Co. predicts that 1972 will be the real year of recovery for the nation's economy, not 1971 as many economists believe.

This prediction is made in the fall issue of the firm's copyrighted "Positive Investment Policy," just released.

The quarterly report reflects the thinking of Dean Witter's Investment Policy Review Committee which met recently in New York to formulate the firm's economic and

investment banking outlook for the months to come.

The report points out that while the recession of 1970 is over, economic growth in the immediate post-recession period will be slowed by a continuing lack of consumer confidence and by softness in defense expenditures.

However, by mid-1971, says the report, social and economic expectations will have to be paid in order to regain a full-employment economy.

Once this adjustment takes place, the investment firm believes, Government fiscal and monetary policies will turn more stimulative, resulting in strong corporate earnings gains—on the order of 12 to 13 percent—in 1972.

Looking farther ahead, to the spring of 1973, Dean Witter expects the new economic norms to prevail. These will include an inflation rate of 4 percent long-term interest rates of 8 percent or more and

Ticketron to Sell Hearst Tour Tickets

State Parks and Recreation Director William Penn Mott Jr. has revealed the details of the new, computerized reservation system provided by Ticketron, Inc. for tours at Hearst San Simeon State Historic Park.

Starting November 23, Mott disclosed, persons wishing to tour Hearst Castle, the fabulous home of the late William Randolph Hearst, will be able to walk up to any one of nearly 230 Ticketron terminals in Northern or Southern California and make direct, paid, confirmed reservations. The only cost for this service in addition to the regular charge for Hearst Castle tours

will be 35 cents per ticket. The company will also provide a reservation service for state park campgrounds beginning in January 1971, Mott added. The details will be announced later.

Information regarding tour schedules and costs will be available at all Ticketron terminals around the state. The terminals are located in such major stores and businesses as Sears and Roebuck, May Company, Bullocks, Harris and Frank, Broadway Stores,

Emporium Stores and Highlanders.

If there is no Ticketron terminal nearby, Mott said, Hearst tour reservations may be made directly with the department at its headquarters in Sacramento. For reservation forms and information write or visit the Reservation Office, State Department of Parks and Recreation, 1416 Ninth St., Sacramento 95814.

ALPINE COUNTY

California's Alpine County is entirely mountainous.

Questions And Answers

Q -- I returned from Vietnam recently and was separated from active duty after serving 21 months. As I plan to apply to the VA for educational assistance to attend college, could you tell me how many months of entitlement I will have?

A -- You will have 36 calendar months of entitlement. Any veteran with an other than dishonorable discharge who has served at least 18 months on active duty is entitled to the maximum entitlement.

Q -- I am a World War II veteran with service-connected 20 percent disability. The VA doctor who examined me recently said I must be hospitalized for this condition for about six weeks. I have no disability income insurance and my employer does not have a sick plan. What can I do to provide for my family while I am hospitalized?

A -- Any veteran who is hospitalized by VA for a service-connected condition for 21 days or more is automatically rated 100 percent disabled and receives compensation at that rate from date of his admission. In your case, you should make sure that proof of your marriage and birth certificates for your children are in your VA records.

Q -- I am a World War II veteran and a widower. I am planning my insurance estate and have heard that some type of death pension is payable by the VA to my children when I die. Does this pension depend on the child's income?

A -- Yes. It does if at the time of your death you leave a minor child or one who has not yet attained age 23 and is attending school. The child quite possibly could be entitled to death pension benefits if income limitations are not exceeded. You should arrange for some responsible adult relative to contact the VA after your death.

DAV Cites 50 Years Of Success

Disabled American Veterans National Commander Cecil W. Stevenson, of Jonesboro, Arkansas, has said that the DAV has amassed a tremendous record of success since its founding 50 years ago in Cincinnati, Ohio. "During this year that the DAV is observing its Golden Anniversary, I am extremely proud to be the National Commander. I think the American public would be proud of the DAV too, if it had knowledge of this organization's successes."

"The DAV is a single purpose organization," said Stevenson, "with a Federal Charter that charges us to work for the improvement of the health, education, rehabilitation and welfare of the disabled veteran his widow and dependents. Our organization is a prime example of the self-help philosophy."

One of the most significant milestones of the DAV was reached on October 15. With 303,514 members, the DAV attained the largest membership in its history. At the end of the last membership year, on June 30, 1970, the DAV had 295,112 members. This rapid growth serves to strengthen the fact that the DAV is carrying out its chartered purposes.

"The DAV has a larger program of free assistance to disabled veterans than any other veterans organization," said Stevenson.

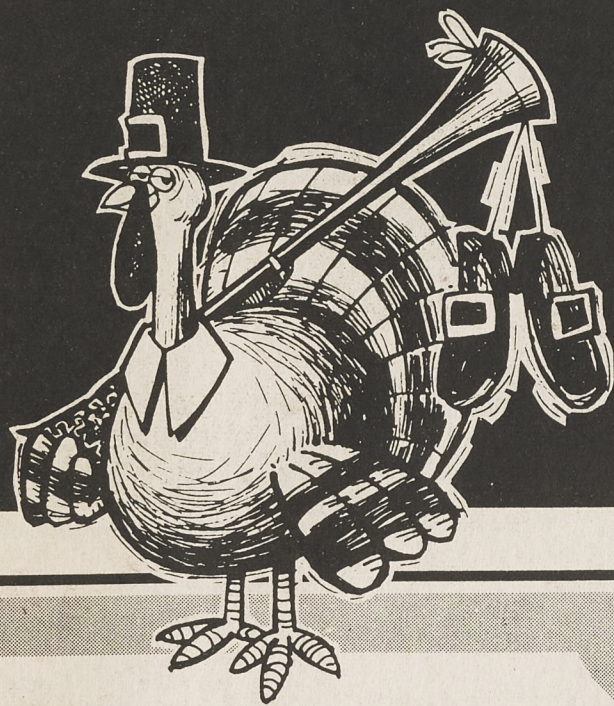

"We have 150 full time, trained and accredited National Service Officers located in offices across the country," he explained. "And all of them are fully paid by the DAV. This program is administered fully without charge to the veteran or the taxpayer."

"During our history," said Stevenson, "we have handled over 8,082,813 cases. In processing these cases, the DAV has obtained over \$1.6 billion in legitimate benefits for the disabled veteran and his dependents. "These benefits," explained Stevenson, "have included vocational rehabilitation, special devices for amputees, specially adapted homes for amputees, higher education and, of course, health and medical care."

A program the DAV is assisting in now is an attempt to reach all returning Vietnam veterans with the information concerning their earned benefits.

In March of 1968 the VA offered to furnish the DAV and other veterans organization a list of all discharged Vietnam veterans. The DAV mailed to these men a Certificate of Appreciation. Information on benefits and how to obtain them and a list of all DAV National Service Officers and an offer of one year free membership to those eligible. Recently since the DAV is a single purpose organization, the mailing has been narrowed down to just those who have been injured or disabled.

Grooving Around The Peninsula with Betty Mann

Hi there fellow peninsulans:

There will be a Thanksgiving Day Community Dinner at the Monterey Fairgrounds (Exhibition Hall) Thanksgiving Day, Thursday, November 26 at 2 p.m. To rekindle the Community Spirit of the early American settlers, let us come together for our Holiday Feast. Let us sit down together and share our meal.

Children welcome; invite an old friend, a student, a G.I., a traveler. Invite your relatives and neighbors. Everyone is welcome. Please bring your own silverware.

Would you like to bring something? Suggestions: fresh fruit, cider, olives, celery, rolls, butter, rice, covered dishes, enchiladas, pies, cakes, beans, cornbread, salad. If you want to bring a cooked turkey or ham or ribs or chicken, please call 624-8115 or 375-7110. NO AD-MISSION CHARGE, NO POLITICS, NO SPEECHES.

Well, the Holiday Season is right upon us. There are only 36 shopping days until Christmas. I wonder how many of you have gotten out your Christmas shopping lists and taken advantage of the big sales at the local stores. For those of you who are thrifty-minded, watch for the after-Thanksgiving sales that will be held in all our local stores; big savings will be in store for those of you who take heed to this.

OTHER HAPPENINGS AROUND THE PENINSULA

The Holiday party season started last Saturday night, November 7, with the ladies of the Elks staging their annual Black and White Ball. I heard from one of my "I-spys" that the dance was a big success. The 87th Off Broadway Band kept the people on the dance floor with their lively and together music. "SuperSpy" also mentioned that it seemed like an interesting number of spouses were accompanied by someone else's spouse and a word to you other legal spouses who stayed home: you had better get on up, next time and get on out there (you're missing out on the fun). (smiles) Well, anyway, a wonderful time was had by all. The Elks are well-known for the nice affairs that they sponsor each year.

Other happenings: Mr. Johnny Perkins of Johnny Perkins Photo Studio of Seaside held an open house and reception to show his customers and friends his latest addition to his photographic equipment, which was a Photo Color machine that turns out over a hundred color photos in a few short minutes. I will say right-on to you, brother; keep on prospering.

I read this following article in the Monterey Herald Newspaper last week on the letters to the editors' page. It revealed so much of the truth that I was inspired to reprint it. I had the pleasure of meeting this 19-year-old young lady at a rally where we were two of the numerous speakers who spoke about Angela Davis and whether the courts will give this brilliant black woman a fair trial. Other speeches were on Black Unity, which seemed to rile a few of our Black Brothers who were in the audience.

Here's Miss Rhone's article that appeared in the Monterey Peninsula Herald on Nov. 11. Let's hope it stirs some of our consciences and makes us think as true Americans and citizens.

RACISM IN COURT

Editor: I am confused, disillusioned and angered by the racism appearing in our courts. I have asked myself over and over again, "Can a Black American receive a fair trial in this country?" Comparing the Manson Case with the Soledad Brothers and the Connecticut conspiracy involving Bobby Seale, I have found obvious and extreme racism in the courts which lead to unjust verdicts and sentences for Black Americans.

I cannot understand why three Black Americans are shackled in chains from their waist to ankles along with handcuffs each time they have appeared in court and further, another Black Man was ruled out of order for outbursts in court and is tied and gagged to his chair. This is outrageous and ridiculous.

The Manson trial is the most difficult for me to understand because Manson is a White American constantly interrupting, disturbing and distracting court sessions. He has assaulted and insulted the presiding judge on numerous occasions and has only been taken out of court on brief intervals and brought back.

Am I wrong to say there is racism in our courts? Do you see what I see? This is racism plain as day and we are not doing a thing about it, but sitting on our rumps. It this the way we accept democracy?

Sheila Rachelle Rhone

Until next week, Betty

Ski Club Info

The Carmel Ski Club meets every Thursday evening at 8:00 p.m. at the Chateau Restaurant on the Monterey-Salinas highway. These meetings are open to all interested in skiing, especially beginners

They are not dinner meetings. For further information contact Bernard C. Revoir, 252 Littlehess, Monterey, phone 373-0965.

MALE DRIVERS

Licensed male drivers under 20 numbered 5,300,000 in the United States during 1968.

SOME HUDDLE - Specialist 5 Clint Moses of the Army Combat Developments Command Experimentation Command at Ford Ord, when he stopped by to watch the judging of High School Song Leaders and Cheer Leaders of the area at Fort Ord's big Football Jamboree on November 11th, was immediately surrounded by six admiring song and cheer leaders who are (clockwise, from left front) Sharon Mirikitani, Demetria Hunter, Carrie Ross, Peggy Vasquez, Melanie Basset and Marcia Alota all of Seaside High School. The Seaside Song Leaders were first place winners, as they were last year and Salinas High School Song Leaders placed second. (US ARMY PHOTO)

Watchtower Convention Is Coming

Organizational arrangements have been completed for the forthcoming semi-annual circuit assembly of Jehovah's Witnesses Friday, Saturday, and Sunday, December 4-6.

Henry Nordstrom, presiding minister of the Monterey Congregation of Jehovah's Witnesses has announced that the religious convention is slated for the County Fairgrounds on East Lake Street in Watsonville.

Monday night, October 19 at an organizational meeting in Watsonville, presiding minis-

ters of the 18 congregations in California Circuit #11 and their assistants met to discuss and initiate their plans. Nick Garrett of Los Gatos, convention manager and Russell I. Weaver, Circuit minister for the group in Central California, have named several local men to help supervise the more than 22 departments comprising the assembly's organizational structure. Those named and their departmental responsibilities are: Carl Brad-dock, Attendat; James Thrasher, Cleaning; Ronald

Pritchett, First Aid; Henry Nordstrom and Ernest Murray, Lost and Found; Lionel Reynolds, Volunteer Service and Larry Tanaka, Field Service.

"These departments are organized to distribute the many responsibilities that arise when a large group meets in assembly," Garrett said. "All volunteer their services free."

STATE COLLEGE

San Jose State College is reported to be California's oldest and largest state college.

3026 Ellen Court, Marina, is a commended student, which indicates that he will not be able to compete further for a scholarship in this program, but that his name will be sent colleges of his choice indicating his high scholarstic standing.

Both students entered the competition at the same time they took the National Merit Scholarship qualifying test last February.

Two Students Win Honors

Placement of two Seaside High School seniors in the seventh National Achievement Program for Outstanding Negro Students were announced recently by James Solberg, principal. This program is supported by the Ford Foundation.

Jayum E. Starks, Jr., 17 is one of some 1500 semifinalists nationally. To become a finalist, he must have endorsement

of his school, take a second examination and meet other standard requirements. He may become eligible for a \$1000 scholarship and a four-year achievement scholarship provided by sponsors.

The talented student lives with his parents Mr. and Mrs. Jayum E. Starks, Sr., at 1837 Highland Street, Seaside.

David A. Adams, 18, son of Vernon and Mrs. Adams of

Special Services

A special service on Thanksgiving Day has been announced by all Christian Science churches.

Traditional music for the occasion will include hymns of gratitude sung by the congregation. Selections will be read from the Bible and from the Christian Science textbook bringing out God's bountiful love for all mankind.

The President's Thanksgiving Proclamation will be read.

Seaside Girl Was Student

Bernice Robinson of 2065 Lassen in Seaside was among over 8,000 students attending summer session at San Francisco State College this past summer.

Bernice is a graduate student and is working toward a Master's Degree at the San Francisco Campus.

Over 600 different courses -- from Anthropology to Zoology will again be offered next summer. In addition to the regular program, many courses related to the contemporary scene will be in the 1971 program.

Bonus Stamps Aid Learning

Seaside High School students enrolled in Martina Ledzinski's family life education class receive bonus stamps toward fulfillment of a semester's grade contract in a new motivational grading system evolved by the teacher during her first teaching experience at Seaside High School for the second semester of 1969-70.

Family life education is an elective subject.

Each student signs a contract for whatever grade he believes he can achieve for the semester—"A," "B" or "C." Copies of the contract go to the student, his parents and the teacher. Bonus stamps are round colored paper decals with different denominations stamped on each, 1, 5, 10 or 20. Students receive a specific number of stamps for different activities. Stamps are given for completion of homework assignments, for voluntary oral or written reports, for preparing bulletin boards pertinent to class study or bringing clippings of current news articles related to topics under discussion, for each correct answer on voluntary weekly quizzes. A week of flawless attendance equals 10 bonus stamps. A month of perfect attendance qualifies the student for double stamps for attendance for the month.

A student who contracts for an "A" grade is permitted no tardiness, but if he should be tardy he may trade 10 bonus stamps to the teacher to cover this lapse. He may trade 250 stamps in lieu of a required report, 300 for a term paper, 500 for a final examination, 150 instead of taking a group teaching assignment. He is required to attain a minimum of 95 percent on every unit test and if he does not achieve this score at first he may retake the test and the two grades must average 95 percent or he may trade up to 20 bonus stamps to make up the grade difference.

Miss Ledzinski, who received her degree from the University of Virginia in 1969, believes students are more motivated to learn and to participate in class activities because bonus stamps are immediate and tangible evidence of achievement. Because of the contract, nobody is pushed beyond what he can do or beyond where he is ready to be tested, but each student is encouraged to work to maximum capacity. Only positive behavior is reinforced. Negative factors are not involved. Contract fulfillment and earning bonus stamps can be fun and better learning often results in line with individual student's abilities, Miss Ledzinski believes.

New Classes Offered

"Do-it-yourself Divorce" will be a seminar in which participants will learn how to process their own divorces without paying legal fees. "According to new California laws, divorces are easy to process - especially non-contested divorces," the non-contested divorces. Interested persons are urged to call the UFM office 375-9821, Ext. 248, between 10 a.m. and 2 p.m.

Also formed will be a class in landscape painting for beginners. Prospective participants may call the UFM office for further information.

Senator Invites Applicants

State Senator Donald L. Grunsky (R, Central Coast Counties) has announced that he is inviting young men in his district to apply for nomination as candidates for his appointment to the California Maritime Academy.

Under the provisions of the California Senate Concurrent Resolution #81 of 1955, each State Senator and State Assemblyman representing an odd-numbered district has an appointment available to the Academy for the class entering in August, 1971.

From among Senator Grunsky's nominees, the candidate standing highest among such nominees in the entrance competition, if in all respects qualified, will become the appointee from the 17th Senatorial District.

Additional appointments may be made from among Senator Grunsky's nominees depending on their relative standings in the general entrance competition and on the number of vacancies.

The State-operated California Maritime Academy is located in Vallejo on the north shore of the Carquinez Strait. Over a three year period of residence the Academy trains and educates young men as officers of the American Merchant Marine. The graduate receives his federal license as a Third Officer.

Additionally, in accordance with provisions of the State of California Education Code, he receives a Bachelor of Science degree in either Nautical Science or Marine Engineering.

He may also, if qualified, receive a commission as an ensign in the U.S. Naval Reserve.

To be eligible for admission, a candidate must be a male citizen of the United States, a high school graduate, unmarried, not under 17 nor yet 22 years of age (waiver of the upper age limit will be considered in exceptional cases), of good character and he must meet prescribed mental and physical requirements. Eligibility is not dependent on race, color, creed or national origin.

Cost of attendance at the Academy are borne by the State, the Federal Government and the student.

Grunsky said, "It is essential that prospective candidates take College Entrance Examination Board tests, preferably not later than the March, 1971 administration of these tests. The required tests are the Scholastic Aptitude Test - Verbal, the Scholastic Aptitude Test - Mathematics, and the Achievement Tests in English Composition and Mathematics.

Interested students should contact Senator Grunsky by writing him directly at the State Capitol, Sacramento, CA 95814. Additional information is available by calling the Senator's District Offices at 1155 Marsh Street, San Luis Obispo, (805) 544-3544 or Rm. 211, Lettunich Building, Watsonville, CA (408) 722-3511.

March 1, 1971 is the final filing date.

What's Wrong With Insurance Today?

The existing lawsuit system which determines how insurance benefits shall be distributed to people injured in automobile accidents stands as a roadblock to meaningful and effective highway safety programs.

It does not place responsibility on the motorist to drive carefully. As a deterrent to careless driving, the lawsuit system of auto insurance is worthless.

The present system actually obstructs factual accident reporting and the effective investigation of highway accidents. It results in exaggeration, distortion and sometimes outright fabrication of facts in the course of the quest for insurance dollars. It inhibits the development and use of effective rehabilitation programs which can return accident victims to productive life. The lawsuit system also frustrates the development of premium credits which could encourage the safe design and greater ease of repair of automobiles.

Add to these obstructions the now well-documented deficiencies of the lawsuit system as a means of compensating for injuries--the facts that it denies benefits to many accident victims, that it overpays many and underpays those who need it most, that it is slow, inefficient and costly--and you can readily understand why so many people today are calling for basic reform of the system and for change to one that will allow benefits to be paid without red tape.

Witness these statements from the study, "Causation, Culpability and Deterrence in Highway Crashes," performed for the Department of Transportation:

"Some drivers are chronically unable to perform adequately, and all drivers have occasional nondeliberate lapses from adequate performance."

"Virtually all drivers--even habitually safe ones--occasionally find themselves momentarily incapable of adequate performance because of the driving environment, their personal condition, or some other factor beyond their control."

"It is commonly believed that a small fraction of the driving population is responsible for a large proportion of all crashes and that removal of this small fraction... would substantially reduce the total number of crashes. Careful statistical work over long periods of time totally disproves this notion."

"...many, if not most, cases of driver error are not intentional or negligent but are beyond conscious control."

What does the reasonably prudent man do when he must make 200 observations and 20 decisions in one mile of driving? The answer is that he makes one driving error every two miles.

These factors show why the threat of being held legally liable for a crash has no deterrent value in preventing accidents. Some people will not conform to safe driving behavior; many cannot conform; virtually all of us occasionally do not conform.

As Yale Professor of Law Fleming James writes, "deterrence cannot make people exceed their capacities," so any deterrent power of tort liability is lost in dealing with auto crashes.

Again citing the above-mentioned study for DOT:

"As for fear of punishment through the tort system, there is neither evidence nor logical reason to support the notion

Pay Sunday Visit To 'An Island In Time'

An island in time is anchored along the Mendocino coastline, sometime covered in fog, sometimes bathed in sunshine and always surrounded by a panorama of surf, rocky shoreline and wild flowers.

This is Mendocino, where weathered buildings reminiscent of early-day New England and the wooden sidewalks lure you out of your car and into the past. Buildings that belong to another era stand prominently along the sea cliff above Mendocino Bay -- the spired Presbyterian Church and the bright yellow Mendocino Hotel.

Mendocino was established as a logging community in the 1850's, reports the California State Automobile Association. It was built by New Englanders who had failed in the gold fields.

During the years of its growth it took on its unique appearance as the salt box cottages, enclosed water towers and other interesting structures were built by the seamen and lumbermen who lived here.

Atop the Masonic Hall is a wooden statue carved from a single redwood log, depicting a maiden shadowed by Father Time.

After the turn of the century the lumbering petered out and Mendocino became an almost forgotten community for 50 years. Part of the reason for its rebirth was the attention it received when two movies were made here. James Dean wandered up and down the dirt streets and sidewalks during the filming of "East of Eden" and the town was used to depict a New England fishing village in "The Russians Are Coming, The Russians Are Coming."

The revival of Mendocino began in the 1950's, when artists and craftsmen began to arrive and set up galleries and shops. Today, there are some 20 of these located throughout the town where prints and pottery, oils, watercolors, and handcrafted items may be bought.

After touring the galleries and photographing the old buildings of Mendocino, you may want to explore the surrounding countryside.

You can drive through rolling green meadows that fall away to rugged sea cliffs west of town. This area is a free public fishing access. There are hiking trails and beaches to explore at Russian Gulch state park in Little River. Skin divers are attracted to several bays in search of atlatlone.

South of Mendocino is Point Arena Lighthouse and picnic area. A memorable experience at Manchester State Beach, where sand dunes shelter you from ocean winds.

ORD ARTIST DISPLAYED WORK

The art work of John Endicott was on display in the Fort Ord Crafts shop Art Gallery until November 10. Endicott is presently ceramic ship director in the crafts section, a position he has held since November 1966.

He instructs in wheel thrown pottery and glazing techniques, has taught painting and is equally qualified in other arts and crafts.

After working for 30 years in many different phases of photography he attended the California Institute of Fine Arts in Los Angeles, where he received his degree in Ceramics in 1965.

His original hand thrown pottery is in a number of private collections in the Peninsula area as well as other places, as are some of his popular enameled jewelry items.

Endicott was not originally drawn to pottery and once made the statement: "who would want to play in that mud?" But with the perversity of fate or ideas it is now his major art interest.

PATTON YOUNGSTERS LEARN

The history of early California has new meaning for nearly a hundred fifth gradepupils at the General George S. Patton Elementary School, Fort Ord, as they participate in relays in actual archeological diggings in the debris of an Indian settlement near San Jose Creek.

Every Monday, Wednesday and Friday after school and on Saturdays, fifth grade teacher Richard Burcich and volunteer parents take a small group of children to the site where Burcich's archeologist friend Don Howard is at work.

The property is owned by the Thomas Hudson family, who has given permission for the students to have this exciting first-hand experience.

The excavation is now six feet deep. So far the children have discovered shell fish hooks, awls, crude stone implements, arrow points, the remains of fish, sea-otter, birds and other sources of Indian food.

Fish vertebrae will be sent to the Academy of Science in San Francisco for identification and report in a research paper.

Patton School principal Lorne F. Dewar said one problem the students face is finding money to pay to have the materials dated by the Carbon-14 process. This may cost from \$150 to \$200.

He said that should materials from greater depth be dated it may prove the Indians used the site for a garbage disposal as much as 6000 years ago.

Burch said the pupils are learning skills and developing interests that will give them hours of enjoyment and recreation all their lives and a few may decide to make a career in archeology or a related field.

COSTUME WINNERS

Three prizes were given for best costumes during the Les Grand Coeurs Masquerade Ball on October 31. First prize went to Vivian Holley of Seaside; 2nd to Helen Rucker of Seaside and 3rd prize to Thelma Black of Monterey.

The guests enjoyed an evening of fun and danced to the excellent music of King Taylor Conspiracy, featuring the Prue Essence.

Datsun Sales Continue To Rise

"If, in reality, our economy is undergoing a 'soft' period, you would never be able to prove it by asking any of the 851 Datsun dealers across the country," commented Bob Link, national sales manager for the Nissan Motor Corp. in U.S.A., the distributor for the Datsun line.

Datsun sales for the month of October set a record-breaking total of 17,492 units, retailed. This was the eighth consecutive month that Datsun sales figures have set an all time high.

October, 1970 sales as compared with October, 1969 sales of 8,295 units shows an increase of 111 percent.

Separating passenger cars from the total figure, Datsun's retail sales in October of this year accounted for 12,446 cars for a healthy 131 percent increase over the previous year's figure of 5,236.

Sales of Datsun's pickup, usually a strong contender in the percent of increase race, rose from 3,059 units sold in October of 1969 to 5,046 units retailed in October of 1970 for an increase of 63 percent.

With 1970 sales already reaching an impressive total of 120,000 units, the 1970 year-to-date totals already show an increase of 28,894 units over last year's 12 month figure of 91,108 for a 32 percent increase for the year with two months still to be recorded.

"Ever since we reached the 10,000 sales a month level back in April of this year, there has been no stopping our

dealers," Link said. "It certainly proves that our steady building process is now reaching maturity and our strong dealer body is shifting into high gear. I have confidence that they will go on setting sales records left and right," he concluded.

HONORED - Participants in recent Red Cross awards Luncheon were (L to R) Mr. John B. Youngs, Senior Red Cross Field Director, Fort Ord; CPT, John F. Seiber, Defense Language School; Colonel Wilson C. Harper, Combat Developments Command Experimentation Command; Major Shirley O'Day, Ford Ord; Lt. Commander E. W. Toscano, Naval Postgraduate School; Lt. Ralph Granneman, Naval Auxiliary Landing Field and Dr. N. Manfred Shaffer, Chairman of the Executive Committee of the Red Cross Four Counties Regional Blood Center, Santa Cruz.

Taking Over Raceway

The San Francisco region of the Sports Car Club of America (SCCA) has announced that they have signed a two year agreement to take over total operation of the Vacaville Raceway, near Vacaville in Solano County. In making the announcement SCCA assistant regional executive, Larry Albedi termed the track takeover "a giant step forward in insuring continued sports car racing in Northern California."

The first events at the soon-to-be refurbished facility will be held in the spring 1971, according to Albedi.

"We believe this is the first time that a major sanctioned body has assumed the entire operation of a top-notch racing plant", said Albedi. "We plan a complete repaving effort to bring the track's surface up to our stringent safety standards and we will also undertake a major refurbishing of both the concession and spectator facilities."

"The Vacaville track will be the San Francisco region's primary 'home', although we will continue to race at Monterey's Laguna Seca and may hold other events at Reno, Colton and if it re-opens at Sonoma County's Sears Point International Raceway," continued Albedi.

The San Francisco region

has been without a firm racing "base of operations" since the financially troubled Sears Point track was shuttered in July of this year.

The track consists of a 2-mile, 9-turn ultra-fast road racing course with straightway speeds of over 165 miles per hour. The 182 acre site also includes a quarter-mile drag strip and a 1-mile paved oval.

The two year agreement, with track owners Vacaville Enterprises, calls for the SCCA to handle both administration and staffing of the track. The 1200-member San Francisco region is part of the 16,000-member National Sports Car Club of America one of the nation's four major motorsports sanctioning bodies.

The agreement was negotiated by Albedi and Frank Taft, a member of the Vallejo law firm of O'Hara, Taft & Taft.

Albedi did not rule out the possibility that the track may be used by other major sanctioning organizations to stage their events.

"We're hoping to get maximum utilization out of the facility", said Albedi. "That includes all forms of racing... stock cars, motorcycles, sports cars, dragsters and even autocrossings and teate

Yuba City in California's Sutter County is reported to be the Peach Bowl of the United States.

events."

"We'll also use Vacaville Raceways to conduct driver-training courses for novice racers in our continuing effort to bring new competitors into the sport."

SCCA regional executive Bob Bennett termed the agreement "a major innovation in racing."

Said Bennett, "Our operation of Vacaville Raceways now gives racing people in Northern California a feeling of continuity in that, for the first time in many years, we will not have to worry about where we'll be able to stage our next racing program."

Vacaville Raceways is located just off the San Francisco - Sacramento Highway (Highway 80), two miles north of Vacaville.

Coach Is Part-Time Counselor

Some 40 to 50 young people who in previous years might have dropped out of school are being encouraged to continue their education as result of personal counseling by Bob Hunter, Monterey High School physical education teacher and football coach who is assigned to spend part of each school day talking individually or in small groups to both girls and boys students who have not succeeded in school and have become part-time truants.

Students are encouraged to speak freely about their school situation, about life and the world as they see it and how they feel about things. Just having someone to talk to is enough reason to get some students back to class full-time. Hunter tries to help each student begin to solve his own problems, by and for himself. He may work with teachers to devise alternative ways for students to stay in a course and earn credit, perhaps on an individual contract basis. A change of schedule may be the answer if a student himself realizes that he is not ready to handle the unscheduled time which is a feature of Monterey High School's modular scheduling plan.

A root cause of why so many young people find it difficult to adjust to formal education often is found in a home problem, particularly broken homes. Hunter in no way attempts to judge who is right or who wrong, but as counselor and friend visits homes of students in effort to bring parent

SCRAMP Elects New Board

The recent meeting of the SCRAMP Board of Directors included a report on the recent, most successful Monterey-Castrol Grand Prix, held at Laguna Seca Raceway, October 16-18.

Don Wester, SCRAMP President, announced that over \$201,000 dollars was realized as gross receipts from the event and, though the amount was below the anticipated figure, it still exceeds the revenues collected by many of the tracks which held Can-Am Series races this year.

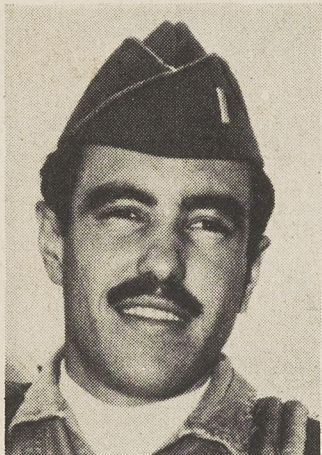

"There were over 50,000 fans in attendance during this 3 day event," Wester said, "and Saturday's crowd of approximately 12,000 was the largest in our history for a day of amateur racing."

The new director's elected and child together.

Hunter believes there is need for more vocational or work experience programs for some of the students. The Monterey Peninsula Unified School District has many vocational courses and signs up students for exploratory or career work experience in the community, for pay and for school credit. Approval of the Board of Education is being sought to extend the work experience plan to allow students to be assigned for a semester's credit but no pay in some job within the school district. Sometimes students are referred to the district's continuation high school operated in a separate plant, often part-time for students who need to work more for the money than for the experience. Hunter also believes that many Monterey High School students who could be helped are unaware of the available services.

to the Board will assume their offices December 1, 1970. They are John Moore, Ted Neth, Ted Durein, Dick Rotter, Kevin Walsh, Paul Stearns, Joe Ferreira and James "Buff" Cody.

Negotiations for next year's events at Laguna Seca are now underway. Tentative dates for the Trans-American Series

WINGED Second Lieutenant John A. Schlosser, whose wife Marysue, is the daughter of Mr. and Mrs. Donald Polden of Carmel, has been awarded U.S. Air Force silver pilot wings upon graduation at Randolph AFB, Texas. Lieutenant Schlosser is being assigned to Vance AFB, Oklahoma, for duty in a unit of the Air Training Command.

and Canadian-American Series events are April 24-25 and October 16-17, respectively. Also being considered is a Formula/A Continental Series race and/or possibly a USAC Championship Car road race or a NASCAR road racing event.

English Teachers Meet

Some 250 English teachers from five states will attend a conference on "English in the Two-Year College" at Asilomar November 20-22.

The conference, to be hosted by Monterey Peninsula College's humanities division headed by DeForest Sweeney, will be unique in that it will feature no banquets or speakers.

Planned instead are an Esslen Institute workshop, "individual" Esslen sensitivity sessions, publishers' panels, group discussions, film previews and dramatic and musical entertainment.

Theme of the conference is "The Teacher as Person." Among the participants expected from California, Nevada, Arizona, Utah and Hawaii are some state college instructors as well as those from the two-year-community colleges, according to Sweeney.

Seaside Couple Are Sponsors

Mr. and Mrs. Sanford Roberts, of Seaside, are sponsoring Giovanna Carli, a 7-year-old Italian girl from Coli Rieti, through save the Children Federation, Norwalk, Conn. It was announced recently by Glen Leet, Executive Director.

"May I express my deep appreciation to these new sponsors for offering to the needy a chance for a new life. Federation sponsorships are based on the idea of self-help, encouraging children, families and communities to assist themselves and each other in attaining social growth and economic fulfillment," declared Mr. Leet.

The Federation believes that a child's environment shapes his life. Therefore, sponsorship stimulates the family and community to carry out needed self-help projects of their own choosing to become more prosperous and eventually self-sufficient. The objective is that the child will have a better opportunity to step into a more promising future and to do it in a way that strengthens his security in his relations with his parents and the community.

The Federation's self-help process shows the underprivileged that they themselves can do something about their poverty by using their natural resources and working to their full potential.

It also provides professional counseling for the needy family.

ies of sponsored children and technical assistance with self-help projects undertaken by members of the community in which sponsored children live. Sponsors receive a photograph and history of the child they help and also periodic reports on the progress of the youngster spurred on by self-help assistance.

Sponsorships are assigned on either a grant or loan basis.

An exchange of correspondence between sponsor and child is also encouraged by the Federation to deepen the person-to-person relationship and provide the child with the self-confidence that comes from knowing that others outside his restricted world care for his well-being. Correspondence is translated where needed.

The Federation currently administers more than 17,000 sponsorships of children in the United States and overseas.

Save the Children Federation, incorporated in Connecticut, aids children, their families and communities in the Southern Appalachian Mountains, or American Indian reservations and in many countries overseas through its sponsorship program. Self-Help and Scholarship Funds, annual collection of used clothing and an Emergency Fund.

The Federation is registered with the U.S. State Department Advisory Committee on Voluntary Foreign Aid and is a member of the International Union for Child Welfare.

An individual, school or group interested in sponsoring a child should contact Save the Children Federation, Norwalk, Connecticut.

CYA Ward Jobs Scarce

Rising unemployment has hit particularly hard at job opportunities for California Youth Authority wards on parole, according to a just-completed study by the CYA's Division of Research.

The study showed that the percentage of CYA "labor force" wards on parole who have jobs dropped sharply in 1970 after remaining fairly constant between 1966 and 1969.

In 1970, only 4,357 of 7,270 male "labor force" wards--or 59.9 percent--were holding full or part-time jobs. From 1966 to 1969, the proportion who held jobs ranged from 66.1 to 69.4 percent.

The survey showed that the proportion holding jobs was even lower in 1970 for female wards and for Mexican-American and Negro wards of both sexes.

"Labor force" wards are parolees over 16 who were not attending school and who were available for work. CYA parole agents have expressed some concern during recent months over the increasing difficulty of finding jobs for parolees, many of whom are school dropouts and have no work skills. Increasing unemployment complicates the problem of rehabilitation, CYA officials feel.

The statistics indicate a sharp drop in employment during the one-year period from 1969 to 1970 for "labor force" CYA wards on parole.

Among Negro wards, the number of boys with jobs dropped from 56.6 to 48.4 percent of the parolee labor force. Among girls, the proportion dropped from 42.2 to 34 percent.

Obituaries

Lorie C. Oligschlaeger, Lorie C. Oligschlaeger of Seaside, Nov. 7, 1970. Beloved infant daughter of Mr. and Mrs. Norbert L. Oligschlaeger of Seaside; died at birth in a local hospital. Beloved sister of John, Norbert Jr., George, David and Michael, all of Seaside; beloved granddaughter of Mr. and Mrs. George Oligschlaeger of St. Elizabeth, Missouri and Mrs. Viola Oliverira of San Jose. Private services were held Wednesday, Nov. 11, at the Seaside Mortuary, 1610 Noche Buena St., Seaside. For further information please call 394-1406, Michael R. Sonnenberg, Director.

FANNY HELNORE
Fanny Helnore of Seaside, Nov. 11, 1970. Loving mother-in-law of Mandy Helnore of Seaside; loving grandmother of Donald Helnore of Seaside, Jesse Helnore of San Jose, Raymond and William Helnore, both of Monterey. She was born May 10, 1884 in Warsaw, Poland and was a resident of Monterey County for the past 32 years. She was, for many years, a cook by occupation and had last worked at Fort Ord.

Funeral services were held Friday, November 13, at the Seaside Mortuary, 1610 Noche Buena St., Seaside, with Rev. Edward Alexander of the Church of God in Seaside officiating. Interment followed at Mission Memorial Park, Seaside. For further information please call 394-1406, Michael R. Sonnenberg, Director.

ANTONIO DE LA FUENTE
Antonio de la Fuente of Seaside, Nov. 12, 1970. Beloved husband of Refugio de la Fuente of Seaside; loving father of Emma Cortes of San Jose; Emilio de la Fuente of Southern California; loving grandfather of nine grandchildren. A native of Mexico, born June 13, 1900. He was a resident of Monterey County for 14 years.

Services were held Monday, November 16, from the Seaside Mortuary, 1610 Noche Buena St., Seaside, thence to St. Francis Xavier Catholic Church, Seaside, where a requiem mass was said at 9:30 a.m. Interment followed at Mission Memorial Park, Seaside. Recitation of the Rosary was held Sunday at 8 p.m. at Seaside Mortuary. For further information please call 394-1406, Michael R. Sonnenberg, Director.

To be successful, according to Wilkinson, the Center needs the cooperation of these organizations to serve as the local contact point in getting Americans to give volunteer service.

The Center will have \$7.5 million, most of which comes from private donors, to spend over three years to meet its goals.

So far the main efforts of the Center's board of directors and staff have been concentrated on setting goals and establishing a national file of case histories of successful volunteer projects throughout the United States.

Then, Wilkinson explains, if someone goes to them and wants to know how to establish a particular project, the history of how it has been done successfully by someone else will be available to them.

County Is Third Best

The County of Monterey has earned the Third Place Safety Award in Group V, (301-3000 employees), in the 1969-1970 California County Employee Safety Contest.

The counties are divided into groups according to the number of employees.

The award was given to the county for having the third lowest number of disabling injuries per million man-hours worked during the fiscal year ending June 30, 1970.

Monterey County's achievement was announced at the Annual Meeting of the County Supervisors Association of California in Coronado.

In announcing the award winners, Harry R. Henz, public Agency Services Officer of the State Compensation Insurance Fund, pointed out that successful accident prevention programs benefit employees, employer and taxpayers of all counties participating in this Annual Contest. He congratulated all contestants for their safety activities and development of programs designed to reduce on-the-job injuries to county employees. A total of 50 counties participated in this year's contest.

Isla Vista

'Turned On' By Religion

Interest of students in religion at UC-Santa Barbara is at an all-time high and is continuing to increase, according to recent surveys conducted on and off campus.

One student-organized Lutheran group holds a regular mid-week service in an Isla Vista apartment in addition to more conventional services Sunday morning in St. Michael's Episcopal Church. The at-home observance of Holy Communion is accompanied by beating gently on cardboard boxes and singing softly to the strum of a guitar.

The Lutheran pastor, the Rev. Otto Bremer, is a participant rather than a leader at the mid-week service. He said that "we are seeing increasingly that this generation of students is not especially interested in formal, institutionalized expressions of religion. Their commitment...is far more likely now to take the form of questioning basic assumptions and of implementing basic principles."

At the University Methodist Church in Isla Vista, the altar has been brought out into the middle of the congregation, symbolizing "Christ's concern for and presence in the human community."

Sunday services, according to the Rev. Dan Kennedy, often consist of dialogues on current social problems in which every member of the congregation is encouraged to participate.

The Rev. Rudolph Vorisek, pastor of St. Mark's Catholic Church, reported "standing room only at our 10:30 a.m. Sunday mass" all year long.

On campus, the Department of Religious Studies has more than 100 majors and 25 graduate students in a program which is only six years old.

Be A Coast Guard Cadet

Congressman Jerome R. Waldie (Democrat, Antioch) has announced that applications as Cadet, United States Coast Guard, Class of 1975, are now being accepted.

Candidates interested in competing for appointment must submit their application forms to the Academy prior to December 15, and must arrange through their secondary school guidance counselor to participate in the prescribed College Entrance Examination Board (CEEB) tests.

Waldie emphasized the opportunity offered qualified young men who choose this four-year academic program which leads to a Bachelor of Science degree and a commission as an officer in America's oldest continuous sea-going armed service.

"Appointments are made solely on a nationwide competitive basis. There are no separate quotas for states or districts and no special categories," Waldie explained. "I urge all qualified young men who are interested in this worthwhile profession to write for details and application forms as soon as possible to the Director of Admissions, United States Coast Guard Academy, New London, Connecticut 06320."

To be eligible for the next competition for appointment to the Coast Guard Academy, a candidate must be single, a citizen of the United States, in excellent physical condition and must have reached his 17th but not his 22nd birthday by July 1, 1971.

Brewers are Farmers' Best Friends

Diamonds may still rank as a girl's best friend, but talk to the modern agri-businessman in the states of Washington, Oregon and California, and he'll likely tell you that the brewer rates as a pretty good buddy of the farmer.

It's all because an expanding West Coast brewing industry last year produced more than 15 million barrels of beer and in so doing purchased more than \$35 million worth of barley, hops, rice and other agricultural products used in the brewing industry.

In addition to this ready cash market, the brewer-farmer relationship takes on even added meaning when the brewer salvages the spent grain and returns it to the farmer in the form of livestock and poultry feed.

Brewing and agriculture — two of the West's basic industries — thus work together for the benefit of each.

THIRD AWARD - Army Major Michael A. Brown, (right), whose wife, Marion, lives in Marina, recently received his third award of the Bronze Star Medal in Vietnam. He was presented the Bronze Star Medal by Colonel Fred Stivers, Jr., for distinguishing himself through meritorious service in connection with military operations against hostile forces in Vietnam. Brown earned the award while assigned with Headquarters, 2nd Signal Group near Long Binh.

Russian Films To Be Shown

Two award-winning films from Russia will be shown tomorrow and Saturday, November 20 and 21, in Monterey Peninsula College's fall film series. Both films are in color.

"Wild Horses of Fire," cited for its use of "the newest tradition of today's film language," won top prizes when it was issued in 1965 at the Mar del Plata, Athens, San Francisco, Montreal and London film festivals. Taking its theme from a Ukrainian novel, "Shadows of Forgotten Ancestors," it deals with the Gutsuls, a small sect of people living in the Carpathian Mountains. It will be screened at 8 p.m., tomorrow in the MPC music hall.

"The Forty-First," which won the prize for the best scenario at the Cannes International Film Festival in 1957, will be shown Saturday also at 8 p.m. in the college music hall. It depicts a strange romance between a Red Guard sniper, the girl Maryutka and her prisoner, a White Guard officer, during the Russian civil war. She has killed 40 of the enemy, her lover becomes her 41st.

Tickets, at \$1.25 for adults and 75 cents for MPC students with student body cards, may be purchased at the college's community services office in the administration building on campus and will be available at the door on the performance evenings.

Commissioned

First Lieutenant Elmo H. Gardner Jr., son of Mrs. Isabel F. Gardner of Del Rey Oaks has received a regular commission in the U.S. Air Force at Yokota AB, Japan.

Lieutenant Gardner previously held a USAF reserve commission as an Officer Training School graduate. He was named for regular status on the basis of his duty performance, educational background and potential as an Air Force Officer.

He is serving as a weather officer at Yokota in a unit of the Military Airfield Command.

A 1957 graduate of Monterey Union High School, the lieutenant attended Monterey Peninsula college, the University of California and Yale University. He earned a B.S. degree in meteorology in 1967 from the University of Oklahoma.

His wife, Carol, is the daughter of Mr. and Mrs. Richard H. Hofmeister of Dallas.

Who Cares Reports

By Mel Vercoe

What would you rather have, a girl baby or a boy baby? Well, if you don't mind drinking hard water instead of soft water, your chances of having a girl baby are about ten percent greater than having a girl baby. This is the situation that resulted in a town in England, where they ran out of soft water ten years ago and had to switch to hard water.

Another town that changed to hard water increased its boy baby production to twenty percent more than its girl baby output.

The water involved was hard by reason of having a high mineral content—minerals such as compounds of lithium, calcium and magnesium. Water is about as plentiful now as it was a few hundred years ago. However, now we have more uses for it, we get it dirtier, we let more of it go to waste by virtue of denuding our land areas and we have more of it tied up in ice cubes in refrigerators.

We may face serious shortages of water several years before we wipe ourselves out with nuclear bombs and one answer to this problem could be the artificial water concept which I personally developed about a year ago.

Water consists of a molecule made up of two hydrogen atoms combined with one oxygen atom. This gives us the familiar symbol, H₂O. Readers who have studied chemistry know that this water compound can be made by simply burning hydrogen gas in an atmosphere of oxygen. By my theory, water could be produced artificially by burning artificial hydrogen gas in artificial oxygen. The process would be almost foolproof and safe, since artificial hydrogen will not explode. In addition, this new type water is lighter and somewhat drier than old fashioned water.

All of which reminds me of the news item about a store where the owner sold a lot of water in gallon jugs by labeling it "Instant Water - For Making Instant Coffee," while I should not have mentioned because it might scare off somebody with a lot of money who might otherwise have invested it in my artificial water process.

But, getting back to the production of boy babies and girl babies, I suppose we will never know what effect it would have if the mothers-to-be drank hard water and the beaming fathers had stuck to artificial water. Maybe drier babies?

WAVE Dentalman Apprentice Geneva Durden, daughter of Mr. and Mrs. Ernest Durden of Seaside, has reported for duty at Naval Air Station, North Island, San Diego.

RODEO CENTER

The days of the wild, adventurous west are now history, but the memories are kept alive through the popular cowboy competition - the rodeo. Calgary, a city in the foothills of the Rocky Mountains in Alberta, Canada, is the home of one of the world's biggest rodeos.

New Device Aids Driver In Distress

Florida drivers now have the opportunity to alert highway patrols to a fellow driver who is in trouble.

A new emergency warning system is being tested there. It is named FLASH (for Flash Lights And Send Help) and it was developed by the United States Bureau of Public Roads in cooperation with the Florida Highway Patrol and the Cutler-Hammer Corporation. According to the Florida Transportation Department, here is how it works:

A series of roadside signs and a light-sensing device are placed at intervals of five miles. The first sign tells the

driver to "Report Vehicles Needing Help AT FLASH Sign." A thousand feet ahead, a second sign tells him to "Flash Brights 3 Times At

FLASH Sign For Vehicles Needing Help." Another 1,300 feet onward, a smaller, oval sign simply says "FLASH!" At this point, the driver who

knows of a motorist in trouble flashes his high beam three times.

His flash activates a sensing device placed beyond the sign. The device is linked by underground cable to a com-

puter in a highway patrol communications center.

The computer, which is monitored by a radio man, gives a warning signal on receipt of a signal from two or more passing autos.

Completes Course

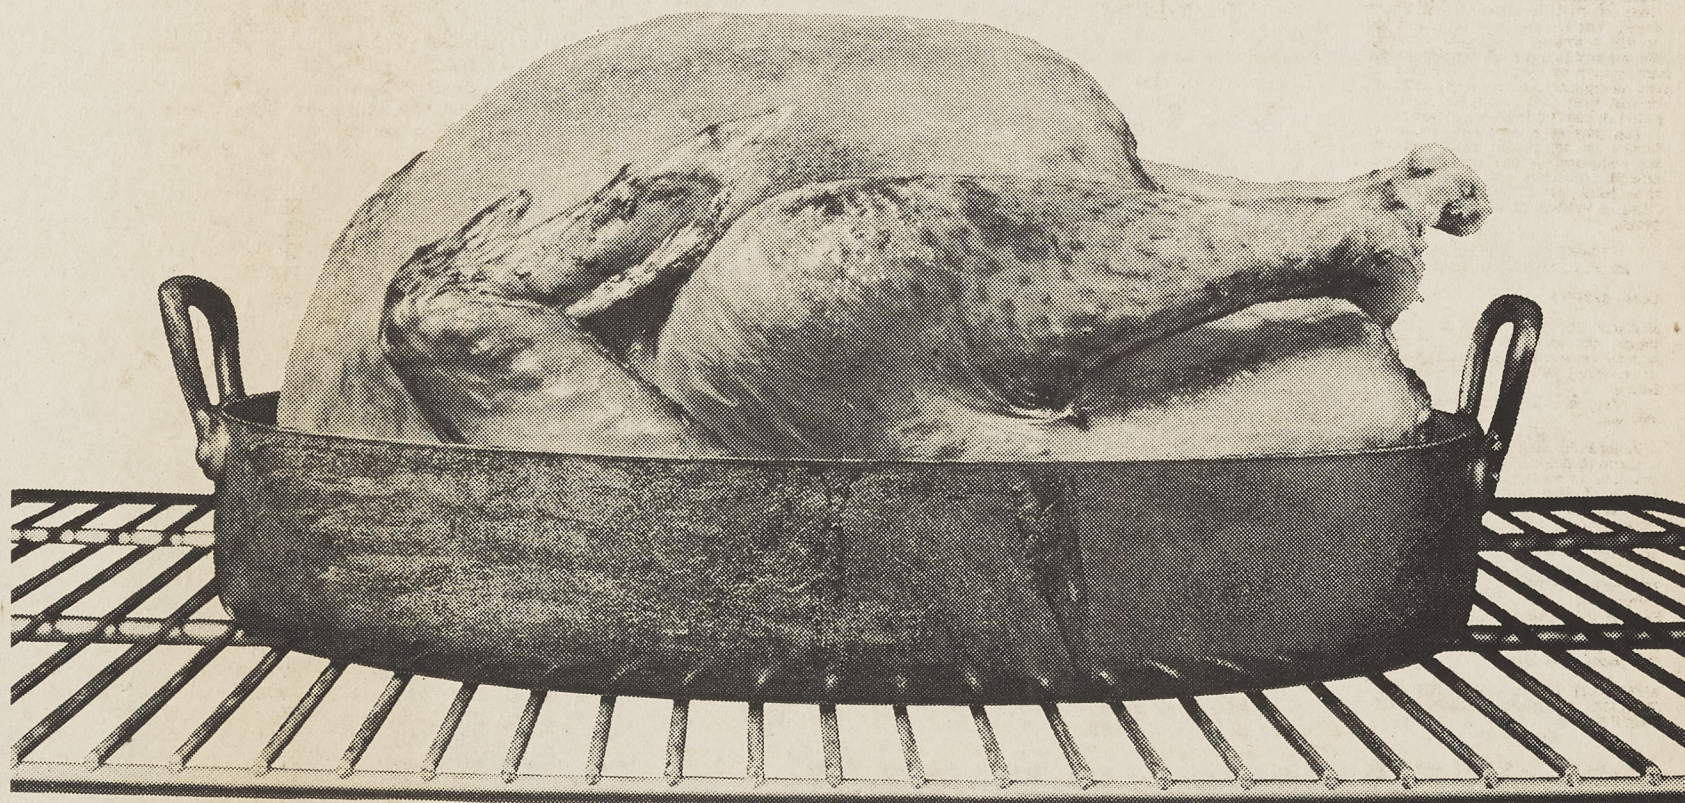

Army Private Brian K. Ridenour, 22 whose wife, Rosalie lives in Monterey recently completed an eight-week administration course at Ft. Ord.

He was trained in the preparation of military records and forms. Instruction was also given in fundamentals of the army filing system, typing and operation of office machines.

A 1965 graduate of Ravenna High School, he recently received a B.S. Degree in 1969 from the University of Nebraska at Lincoln and is a member of Phi Eta Sigma fraternity.

Now, both gas and electric ovens clean themselves.

You don't have to clean your oven any more. It cleans itself. New gas and electric ovens do their own dirty work. See them at stores everywhere. **PG and E**

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the
City of Seaside, County of Monterey,
State of California, hereby invites
sealed proposals or bids for the follow-
ing work to be done according to plans
and specifications on file, adopted
thereof, to-wit:

UNDERGROUND UTILITY DISTRICT
#2 (GATEWAY)

Proposals for the above mentioned
work will be received by the City of
Seaside, County of Monterey, State of
California, until 10:00 a.m. on Decem-
ber 3, 1970, at the office of the City
Clerk at the City Hall, 440 Harcourt
Avenue, Seaside, California, at which
time all bids payable to the City of
Seaside, for an amount equal to or
less than ten percent (10%) of the amount
bid, such guarantee to be forfeited
should the bidder to whom the contract
is awarded fail to enter into the con-
tract within ten (10) days after notifi-
cation of the award of contract to the
bidder.

Said plans and specifications are
now on file in the office of said City
Clerk and may be viewed from that
office by payment of five dollars (\$5.00),
a refund of five dollars (\$5.00) will
be made upon the return of said

NOTICE OF SALE OF REAL ESTATE
ON EXECUTION
SHERIFF'S SALE

THE NATIONAL COLLECTION
AGENCY, INC., A Corporation, Plaintiff,
vs.
OLDEN JACKSON, et al., Defendant.

Sheriff's File No. 36874
Action No. 601664

Under and by virtue of a Writ of Exe-
cution issued out of the Municipal
Court of the City and County of San
Francisco, State of California, wherein
THE NATIONAL COLLECTION AGENCY,
INC., A Corporation, Plaintiff, and
OLDEN JACKSON and ALICE E. JACK-
SON, defendants, upon a judgment en-
tered on the 26th day of April, A.D.,
1968, in favor of said plaintiff, and
against said defendants, for the sum
of \$1,649.37, in lawful money of the
United States, besides interest and
costs, I have heretofore levied upon
the right, title, claim and interest of
said defendants, OLDEN JACKSON, and
ALICE E. JACKSON, of, in and to all
that real property situated in the County
of Monterey, State of California, de-
scribed as follows, to-wit:

Block 25, as shown on that certain
map entitled, "Map No. 5 del Monte
Heights," filed for record in the
County of Monterey, State of California,
Books 14-15-16-17, Villa Subdivision
of Lots 2 and 3 of the Rancho Nobe
Bueno, Section 10, T. 37 N., R. 12 E.,
S. 4 E., filed for record August 4,
1909, in the office of the County Re-
corder, in the County of Monterey,
State of California in volume 2 of Maps,
"Cities and Towns," at page 15.

Excepting therefrom the Western 2
feet of said lots, as conveyed to the
City of Seaside by deed recorded Octo-
ber 25, 1963 in Reel 243 of Official Re-
cords at page 328 said Monterey County
Recorder.

And public notice is hereby given that
I will, on Thursday the 10th day of
December, A.D., 1970, at 10:00 o'clock
A.M., of said day, at the front entrance
to the County Office Building, 1200
Aquatic Row, City of Monterey,
County of Monterey, State of California,
sell to highest bidder at PUBLIC AUCTION
for lawful money of the United
States, all the right, title, claim and
interest of said defendants, OLDEN
JACKSON, and ALICE E. JACKSON,
of, in and to the above described prop-
erty, together with so much thereof as
may be necessary to raise sufficient money
to satisfy said judgment, with interest
and costs, and all accruing costs.

NOTICE OF TRUSTEE'S SALE
(C.C.L.T. Co. No. 111388)

On Tuesday, December 15, 1970, at
9:00 a.m. at the office of the City
of COAST COUNTIES LAND TITLE
COMPANY, 439 Tyler Street, in the
County of Monterey, State of California,
State of California, Trustee, will
sell at public auction to the highest
bidder for cash, in lawful money of
the United States, the real property
situated in the County of Monterey,
State of California, described as follows:

LOTS Numbered 23, 25 and 27 in
Block Numbered 25, as said Lot 23
and Block are shown on that cer-
tain map entitled, "Map No. 5 del
Monte Heights," filed for record
August 4, 1909, in the office of the
County Recorder of the County of
Monterey, State of California, in
Volume 2, of Maps, "Cities and
Towns," at page 15.

Property address: 1236 Lowell
Street, Seaside, California.

Said sale will be made without cove-
nant or warranty regarding title, pos-
session or encumbrances, to satisfy the
obligations secured by, and pursuant
to the power of sale conferred in
certain Deed of Trust, executed by
HOSEA REED REY, as Trustor, to
COAST COUNTIES LAND TITLE INVEST-
MENT COMPANY, a corporation, as Trustee,
for the benefit and security of ROBERT
W. BUSH, and MARGARET W. BUSH,
his wife, as joint tenants, dated Octo-
ber 21, 1969, and recorded October
31, 1969, in Reel 627 of Official Re-
cords of Monterey County, California,
at page 526.

Notice of Default of said obligation
and election to sell said real property was
recorded August 11, 1970, in Reel 661
of Official Records of Monterey
County, California, at page 1124.
Nothing has been paid on account of
the principal or interest on said loan
subsequent to the filing of said Notice
of Default.

This notice is given in compliance with
the written application heretofore made
on the Trustee by the said beneficiary.

The owner and holder of the promiss-
ory note and the indebtedness secured
by said Deed of Trust, or any other
person may purchase at said sale.

Dated: November 12, 1970.

(SEAL)
COAST COUNTIES IN-
VESTMENT COMPANY

By: SALLY MCNEERY,

PUBLISHED: Nov. 19, 26 & Dec. 3 & 10,
1970.

NOTICE OF INTENTION TO
CIRCULATE PETITION FOR
RECALL OF OLIVER F.
MURRAY FROM THE OFFICE
OF COUNCILMAN OF THE
CITY OF SEASIDE, CALI-
FORNIA.

TO: Oliver F. Murray
2055 Lassen Street
Seaside, California 93955

We, the undersigned, being
duly qualified and registered
voters of the City of Seaside,
State of California, do hereby
give notice pursuant to Section
27504 of the Election Code of
the State of California, that
we intend to circulate a peti-
tion for your recall from the
above-identified office.

The said recall is, and will be,
sought on the following
grounds:

Mr. Oliver F. Murray has
allowed his personal political
ambitions to be more impor-
tant than the welfare of Seaside.
He has failed to attend
meetings of organizations,
where he was the designated
representative of the city,
such as AMBAG and the Mon-
terey Peninsula Anti-Poverty
Coordinating Council. He has
failed to attend agenda meet-
ings, study sessions and bud-
get study meetings of the City
Council. As a result, he has
been uninformed on the busi-

LEGAL NOTICE

ness of the city and this has
been reflected in his votes
and his public statements.

His votes and conduct at
Council meetings have re-
flected vindictiveness and a
personal motive for revenge.
He has joined with other
council members in conduct
which has made Seaside a
laughing-stock throughout
the State. As a result of this
conduct, Seaside City Council
meetings have been labeled
derisively as "three ring cir-
cuses."

He has conducted a personal
vendetta against the Mayor and
ignored or refused the legal
advice of the City Attorney. As
a result of his actions the City
is a defendant in a lawsuit. He
has been seen publicly speak-
ing, as though in a confidential
manner, with defendants in the
"Seaside 19" case, most of
whom are not residents of
Seaside, who have allegedly
violated laws of our city. He
was a signatory to a petition
calling for a special Council
meeting to discuss nullifying
actions issued the "Seaside
19."

His voting record on the
council reflects, in many in-
stances, repayments of polit-
ical debts, financial and other-
wise. His employment in an-
other part of the State makes
him unavailable to perform his
elected duties in Seaside.

In summary, he has sought
to use Seaside for his own
political gain and to satisfy
his own ambitions. He has
shown himself to be irrespon-
sible and not worthy of the
trust and confidence of the
people.

THE ARGUMENTS AGAINST
A RECALL ELECTION ARE
AS FOLLOWS:

The allegations made by the
complainants are malicious,
deliberate falsehoods.

1. Since when is it a crime
against the office of Council-
man of Seaside to run for the
office of Assemblyman of Mon-
terey County? Over fifty per-
cent of all political candidates
are incumbent officeholders.

2. My appointment to the
Anti-Poverty Council was
from May 1968 to May 1969
only. I have repeatedly de-
nied availability for continued
service to that Council.

3. Although I have missed
four AMBAG meetings, I have
fought for, AND MADE THE
MOTION FOR, its singular
accomplishment since my ap-
pointment to it--the Regional
Sewage System for Monterey
Peninsula Cities.

4. I was elected to repre-
sent the City of Seaside in an
Official capacity. Only Coun-
cil meetings are "Official"
activities of a Councilman. My
absences from agenda and bud-
get sessions has been to avoid
the "political jockeying" that
has too often passed for in-
formation exchange. Study
sessions, more often than not
are devoted more to consen-
sus building than informing.
Endless study sessions reflect
on either the intelligence, the
integrity, or the need to of-
ficiate of those who must call
them. As much as possible of
a Councilman's duties should
be conducted in an official
capacity. I challenge the com-
plainants to name three votes
in which I have been in vari-
ance with a council decision
because of absence from a
study session!

5. Paragraphs two and three
of the allegations are purely
derogatory invective. They
are the conclusions of warped
and inflamed minds. For two
years I sat on the minority
end of many decisions. The
minority view or its reasons
were seldom if ever accorded
a hearing in the newspapers
or other media. In the past six
months I have just happened
to be on the majority side of
a few votes. Just how does
this constitute a vendetta?

It is very clear that the
VENDETTA has suddenly em-
erged since the recent April
election by the complainants
and their sponsors. Since that
time the creatures known as
B.J. Dolan and Albert J. Lioi
have overwhelmed council
meetings with their com-
plaints. This has completely
thwarted the efforts of the
City Council or organize it-
self and gain direction. Dolan's
petitions threatening re-
call have even been mailed in
SEASIDE POLICE DEPART-
MENT STATIONERY.

Fellow Citizens, the Ven-
detta is the Recall. For the
good of the City of Seaside,
its citizens, its self-respect,
and its treasury, reject the
Recall. Repudiate its promot-
ers. The proposed Recall elec-
tions would occur less than
twelve months from the date of
the next regular election.
Avoid the degradation, dis-
ruption, and division that have
not healed from the 1958 Re-
call (some of its participants
have poised themselves for
this one). The Councilmen
elected in April were never
allowed to get a perspective
on their jobs before this de-
picable conspiracy jeopardized
their tenure and your city's
good name.

A new council elected in
April or May of 1971 would no
sooner be elected than they

LEGAL NOTICE

Continue from p. 11 EMMET G. McMENAMIN, Clerk BY MARY WHITLEY, Deputy (SEAL) PUBLISHED: NOVEMBER 19, 26, December 3 & 10, 1970

NOTICE OF INTENTION TO CIRCULATE A PETITION FOR RECALL OF LOUIS N. HADDAD FROM THE OFFICE OF MAYOR, CITY OF SEASIDE, CALIFORNIA NOVEMBER 16, 1970

TO: Louis N. Haddad 2050 Lassen Street Seaside, California 93955

NOTICE IS HEREBY GIVEN by the undersigned Edward Battle and Mrs. Emma D. Costa of the intention to circulate, among the registered and qualified voters of City of Seaside, County of Monterey, State of California, a petition for the signature of said voters, showing their approval that the procedure be taken as provided by law in such cases for the recall and removal of Louis N. Haddad from the position of Mayor in City of Seaside, County of Monterey, State of California, said recall petition to be circulated at a date commencing seven days after the publication of this notice, as required by statute, or as soon thereafter as is practicable.

Notice is hereby further given that the grounds for removal of said Louis N. Haddad, Mayor, City of Seaside from said office are as follows:

Mayor Haddad is either incapable of or refuses to conduct his office in a democratic manner. His conduct in office has made the normal and orderly process of government in Seaside impossible. He refuses to allow anyone to express his views without continual harassment and interference of his personal views. He has shown favoritism in his recognition of speakers before the council. His lack of tact in dealing with those who come before the council borders on vulgarity.

Rather than provide the mature leadership needed in the office of mayor, Haddad instead continually harasses his fellow council members. Haddad cannot adjust to working in a democratic manner after many years of being able to ramrod the council into making decisions against the wishes of the electorate.

He refuses to carry out his duties as mayor by not briefing the other members of the council on matters that affect the future of our city. At the same time working with people outside of the council to carry out his views. He has publicly stated that he will oppose any decision of the city council that is not in concert with his views, even though that decision may have been

LEGAL NOTICE

arrived at in a democratic manner in a duly constituted meeting.

His appointments to city commissions and agencies are always on the basis that such appointees agree with the views of Haddad rather than the views of the city council.

He has consistently flouted the democratic processes in his position of chairman of the council to harass, frustrate and demean those that appear before the council and engages in shouting matches with his council members and others that are appearing before the council.

He has publicly repudiated the recent elections and has done everything in his power to prevent progress in the city by not allowing the newly elected council members to carry out their duties to their constituents.

Because he cannot intimidate or ramrod his views on the majority of the council he repudiates the mandate of the electorate and demands that they, already-elected council members, stand for re-election, simply because he cannot any longer have his dictatorial way. His irresponsible behavior at council meetings is designed to purposely confuse the issues so that there is no progress made at these meetings. Then he childish points to his colleagues and says that they should be removed from office because there is no progress.

Each council member is elected to carry out the mandates of the citizens and the dictates of his own conscience. It seems unreasonable that if he does this that he should be harassed by the chairman and asked to stand for re-election. Haddad has misused the established rules of order to establish his whims as public policy. In this manner he has cast an unfavorable light on the spirit of fairness and the democratic processes in our city.

He has blatantly ignored the people's petitions to establish the Laguna Grande project for light industry. He disregarded the advice of many library experts on the location of the library in the center of the city and insisted on its location at the city hall site.

We hereby set forth this instrument as our honest and true belief that the events herein have and are taking place.

Edward Battle #7 Mercedes Ct, Seaside, Ca 93955 November 16, 1970

Mrs. Emma D. Costa 1335 Grand View Seaside, Ca 93955 November 16, 1970

JANE H. VAN HOOK, DAVID L. REED, STEVE A. SLATKOW, LEGAL AD SOCIETY OF MONTEREY COUNTY, 1070 COLUMBUS STREET, SEASIDE, CALIFORNIA 93955; TELEPHONE: 394-8871; Attorneys for PETITIONER.

SUPERIOR COURT OF CALIFORNIA, COUNTY OF MONTEREY, 240 Church Street, P.O. Box 1819, Salinas, Calif. 93901.

In re the marriage of Petitioner: ANTONIA H. MACHUCA and Respondent: GILBERTO R. MACHUCA; Case Number R-1598 Summons (Marriage). To the Respondent:

The petitioner has filed a petition concerning your marriage. You may file a written response within thirty days of the date that this summons is served on you. If you fail to file a written response within such time, your default may be entered and the court may enter a judgment containing injunctive or other orders concerning division of property, spousal support, child custody, child support, attorney's fees, costs, and such other relief as may be granted by the court.

If you wish to seek the advice of an attorney in this matter, you should do so promptly so that your written response, if any, may be filed on time. Dated Sep 29 1970. EMMET G. McMENAMIN, Clerk BY CAROL M. SCHMEH, Deputy (SEAL)

LEGAL NOTICE

Continue from p. 12
NOTICE OF INTENTION TO
CIRCULATE PETITIONS
FOR RECALL OF GERALD A.
MCGRATH FROM THE OF-
FICE OF COUNCILMAN OF
SEASIDE, CALIFORNIA.

To: Mr. Gerald A. McGrath
1955 Lincoln Street
Seaside, California 93955

NOTICE IS HEREBY GIVEN
by the undersigned Bernard
J. Dolan, Jr., and Albert J.
Lioi, proponents of the in-
tention to circulate, among
the registered and qualified
voters of the City of Seaside,
State of California, a petition
for the signature of said vot-
ers, showing their approval
that procedure be taken as
provided by law in such cases
for the recall and removal of
Gerald A. McGrath from the
position of Councilman. In
the City of Seaside, State of
California, said recall peti-
tion to be circulated as a
date commencing seven days
after the publication of this
notice, as required by sta-
tute, or as soon thereafter
as is practicable.

Notice is hereby further
given that the grounds for
the removal of said Gerald
A. McGrath from said office
are as follows:

Mr. McGrath has voted on
several occasions in favor
of applicants who contributed
financially to his campaign.
He listed three businessmen
from the "Pit" as signatories
to his 1970 nomination papers
and repaid them by voting

LEGAL NOTICE

against a trade whereby the
city acquire the property.
This action was a direct slap
in the face to the people who
voted to complete this trade.
He listed hundreds of dollars
of campaign contributions
anonymously, which is a vi-
olation of the state law.

On August 6, 1970 Mr. Mc-
Grath, a former Real Estate
salesman, sponsored legisla-
tion repealing the Real Estate
Disclosure Act which re-
quires sellers of real property
to divulge to prospective
buyers deficiencies, ease-
ments, zoning etc. He has
voted to amend or repeal the
very laws which have been
instrumental in Seaside's
progress. He has constantly
interrupted the progress of
Council meetings by refer-
ring to insignificant techni-
calities, thereby creating a
shambles of the meetings.
He has conducted a personal
vendetta against the Mayor,
and this has been reflected
in his actions during Council
meetings. His voting record
and other actions at Council
meetings reflect further re-
payments of political debts,
such as his attempted appoint-
ments to the city's various
Boards and Commissions.

He has joined with other
Council members in conduct
which has made Seaside a
laughing-stock throughout the
State. He called for a special
Council meeting to consider
cancelling the citations issued
the "Seaside 19," most of
whom are not residents of

LEGAL NOTICE

Seaside, and who have vi-
olated the laws of our city.

He has participated in ac-
tions which directly overruled
unanimous Planning Commis-
sion and staff recommenda-
tions. He voted to discharge
the City Attorney, then sub-
sequently voted to retain an-
other for the same fee, but one
whose health will not permit
him to try court cases. On
November 5, 1970, he voted to
hire an additional two attor-
neys to try court cases, which
may cost Seaside taxpayers an
additional \$10,000.00. Had the
Council not discharged the
original attorney, this ad-
ditional expenditure would not
have been necessary. These
irresponsible actions cast
serious doubt upon his in-
tegrity and judgement and has
shown him to be unworthy of
the trust and confidence of the
people.

November 9, 1970

s/ Bernard J. Dolan, Jr.
1335 Mescal Street
Seaside, California 93955

s/ Albert J. Lioi
2060 Baldwin Court
Seaside, California 93955

In reply to the statements
listed in the recall notice
dated November 9, 1970 by
Mr. Bernard J. Dolan and Mr.
Albert J. Lioi, I state the fol-
lowing:

The contents of the notice
are laced with half truths,
inundates and outright lies.
The people who signed my

LEGAL NOTICE

nomination are unknown to me
because I did not circulate the
nomination papers. If the Pit
trade can be proven to be a
profitable financial venture, I
will vote for the trade. If we
now go ahead with the trade,
the city will have to find ten-
ants or else make the note
payments out of the city trea-
sury.

The hundreds of dollars of
my campaign contributions
which were referred to as my
anonymous were in reality
listed on my campaign state-
ments as fifty dollars. The
Mayor listed two hundred and
eighty dollars as anonymous.

The Real Estate Disclosure
Act which I insist on propos-
ing to the council for change
is an unfair law. The zoning
law now states that if a person
wants to sell their house be-
fore they can terminate the
transaction, they must take
the prospective buyer to the
city hall and sign a statement
of non-conforming.

My role on the council has
been under the rule of law, I
am only one man and have only
one vote. The Mayor lacks
tact and diplomacy in dealing
with his fellow councilmen and
he loses control of his self
and the council whenever he
faces the usual different views
that are in evidence in a demo-
cracy.

Seaside's commissions are
dominated by the Mayor's ap-
pointments who attempt to
block the will of the council.
The council feels that some
new people with different

LEGAL NOTICE

ideas would entice some new
ideas in the commissions. The
Mayor refuses to compromise
on the naming of new people
by the entire council.

For years, the city of Sea-
side operated without written
instructions for its council
and decisions that made the
law for many came out of the
mouths of a few. Now, due to
the actions of the new council,
the law has been written for
everyone to see.

I, nor any other member of
the council called for a meet-
ing to cancel the citations of
the Seaside 19. We did, now-
ever, call for both the Seaside
19 and the Chamber of Com-
merce Parade Committee to
appear before the council but
never got around to this item.

The fact that the council
overrules decisions of the
Planning Commission only
proves that both sides are
human. The city council has
for many years overruled
some of the decisions of the
city commissions.

The firing of the part time
city attorney was within the
prerogative of the council. For
the council to work as a
governing body, it is essential
that they be allowed to select
or discharge their own suf-
ficient. Since ultimate respon-
sibility for all that takes place
in city government rests with
the council, this body is as-
signed the job of selecting
those with whom they wish to
work.

Mr. Dolan and Mr. Lioi
have openly collaborated with

LEGAL NOTICE

the Mayor in actions that have
harrassed, blackmailed, and
threatened this council since
we took office. I have served
my country in three conflicts
and I have never been subject
to such cowardly attacks; even
by my enemies. Their attempt
to undermine and circumvent
the will of the people of Sea-
side by acting as a front for
the former power structure
which lost in an honest elec-
tion brings discredit upon
themselves and all those who
associate with them.

The real issue behind this
recall movement is whether
the council is entitled to an
attorney of its own selection
or must accept the Mayor's
personal attorney for the city
attorney.

CONGRESSIONAL
SCHOOL

One or two or three times
in our history, depending on
what Congressman you're
talking to, a candidate for
President flunked in the
popular vote but became Pres-
ident anyway. As many times
as that may have happened,
it was because the faculty
of the Electoral College chose
to by-pass the will of the
people to confer the White
House on a man without a
majority. Reform is surely
on the way.

Page 14 Seaside POST News-Sentinel, Thursday, November 19, 1970

RCA SECTION

RCA Minikin® Personal TV

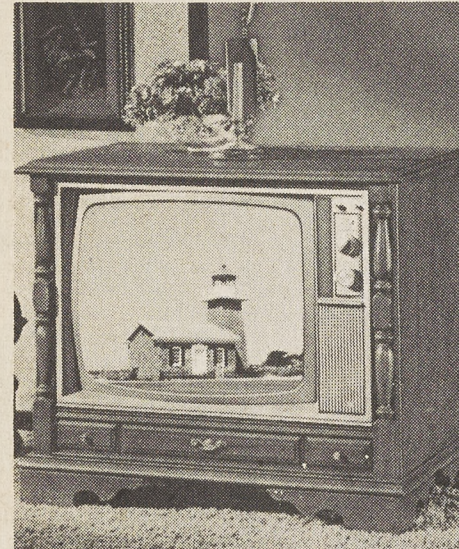

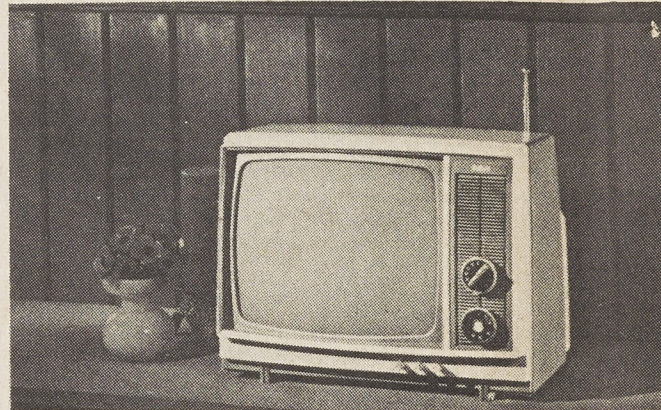

Budget-priced Beauties
with 12" diagonal Screen

\$79⁹⁵

All models on page 5 are available with
a matching rollabout stand (optional, extra).

The Heather • AM-121

A top-value combination of excellent performance,
lightweight design and room-flattering finishes
... at a most affordable price. Sleek, compact
plastic cabinet in your choice of Frost Gold or
Charcoal Bronze metallic vinyl finishes, both
with Pewter trim. H—11½", W—15½", D—11½".

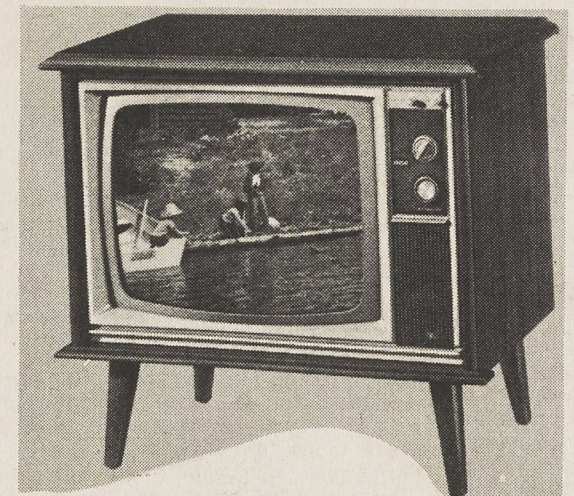

The Hancock • GM-595

Colonial furniture enjoys perennial favor for its
mellow warmth and informal charm. These qualities
are delightfully expressed in The Hancock.
Attractive period details include spool-turned
corner posts, simulated drawers with brass-
finished pulls and ogee bracket feet. Selected
hardwood solids and veneers finished in Colonial
Maple-grain. H—28¾", W—34", D—23".

With VHF "Wireless Wizard" remote control
—GM-595-R.

Console Color at a Spectacular Budget Price!

\$399⁹⁵

New Vista model
20" diagonal picture. AccuTint feature not included.

The Shadburn • GP-568—If you're looking for exciting
value, take a long hard look at The Shadburn. RCA's lowest-
priced console, it features a 20" diagonal picture. Consider
these attributes: Beautiful wood cabinet in Contemporary
design. A computer-designed picture tube and powerful
25,000-volt chassis. One-set VHF fine tuning (it "remem-
bers" to give you the best picture). Handy tilt-out control
panel. All this—not to mention the traditional quality that
goes with the RCA name—adds up to sensational value.
Walnut-grained veneers and selected hardwood solids.
H—27¾", W—30¾", D—21".

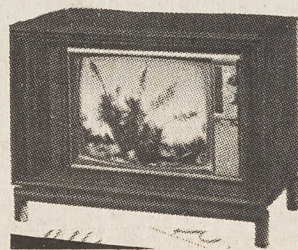

The Glenolden • GM-705

Here is fine-wood Contemporary cabinetry with a flair,
its sweeping lines the essence of modern design. The
cylindrical base and leg shaping is especially striking,
while the top and door pulls carry a delightful trace of
Scandinavian accent. Tambour doors glide open to
reveal America's most advanced color television.
Century Walnut veneers and selected hardwood solids.
H—30¾", W—42¼", D—25¼".

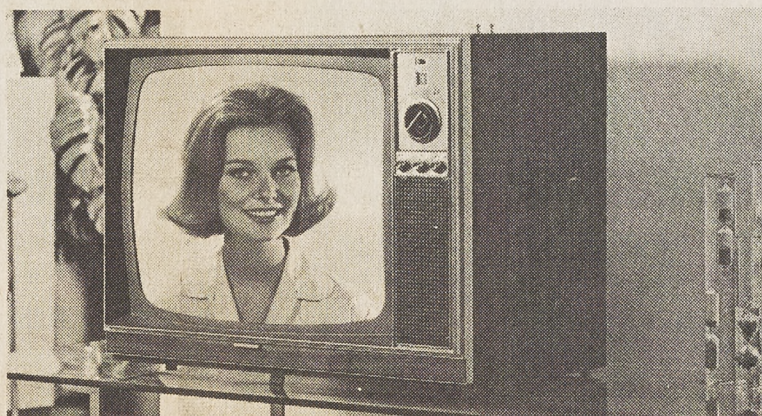

With 82-channel "Wireless Wizard" remote
control—GM-705-R.
